McNamara Sure Victory Ahead In Viet Nam

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara returned from South Viet Nam today to give President Johnson a first-hand report on how the war is going against Communist guerrillas there.

McNamara told reporters at Andrews Air Force Base that during his swing through the war-torn country "I did not meet a single responsible official who doesn't believe that if a proper effort is made" victory can be obtained.

He added, though, that "the path to victory may be hard."

The defense chief, with Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, standing at his side, said the President had sent them to South Viet Nam for two purposes:

To appraise the political, economic and military situation.

To determine what "addi-

tional actions if any" the United States should take in the struggle against Communist-dominated Viet Cong.

The secretary reportedly concluded during his five-day visit — his fourth to the embattled Southeast Asian country — that the massive U.S. aid may have to be stepped up if the war is to be won.

But dispatches from Saigon also said McNamara has vetoed suggestions that the battle be expanded into North Viet Nam.

Johnson sent McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, to South Viet Nam last week to make a new assessment of the battle against the Viet Cong. They were joined there by John A. McCone, director of the Central Intelligence Agency.

Before boarding his home ward-bound plane Thursday in Saigon, McNamara told cheering Vietnamese that their new premier, Maj. Gen. Nguyen Khanh, has a sound strategy for defeating the Reds and "we are confident these plans point the way to victory."

At the same time the secretary warned that he had found the situation "very serious" and he promised the U.S. government will provide whatever additional aid is necessary.

Aides said McNamara was convinced that only by increased American assistance and greater Vietnamese effort can the Communist tide be stemmed in Southeast Asia.

On his way back to Washington, McNamara stopped at Honolulu for conferences with Adm. Harry D. Felt, Pacific military commander, and Army, Navy and Air Force brass.

He told newsmen he anticipated additional trips to South Viet Nam.

Almost until the moment McNamara took off from Saigon he worked on his report to the President. He had a draft ready when he reached Hawaii.

Alien Nuptials Under Probe

CLEVELAND (AP)—The U.S. Immigration and Naturalization Service is studying the case of a 29-year-old Greek alien accused of arranging a marriage of convenience with a West Side waitress so he could remain in the United States.

Federal authorities now must decide whether to begin deportation proceedings against Theofanis Goudas as an over-stayed alien or allow him to return voluntarily to Greece.

The 24-year-old waitress testified Thursday at an immigration hearing that Goudas paid her \$400 to marry him May 18, 1961, so that he would not have to leave the country.

She said she never lived with Goudas. The first she saw of him was when they applied for a marriage license. Five days later they were wed in Cleveland Municipal Court, she testified.

U.S. Paratroopers Plan Practice Flight to Iran

WASHINGTON (AP)—A brigade of U.S. Army paratroopers is expected to fly to Iran next month in a new long-range demonstration of American ability to reinforce an ally living in the Soviet Union's shadow.

Informed sources said today Air Force transports will carry the soldiers roughly 6,000 miles to a link with Iranian troops. They will maneuver together for a few days.

DEFENSE WINDUP — Defense attorney Melvin Belli (right) and New York psychiatrist Dr. Walter Bromberg leave court in Dallas after Bromberg testified that Jack Ruby's action in the slaying of Lee Harvey Oswald was "an epileptic equivalent... a state of suspended consciousness based on mental illness."

Rare Epilepsy Tied to Ruby

Defense Rests Case in Dallas

DALLAS (AP)—Dr. Frederic A. Gibbs, Chicago authority on epilepsy, testified today in Jack Ruby's murder trial that Ruby has "a very rare type of epilepsy."

Gibbs told the jury that he came to Dallas voluntarily to testify in the trial of Ruby for the slaying of Lee Harvey Oswald, accused presidential assassin.

Gibbs replied to a question by chief defense counsel Melvin Belli when asked what the specialist found in Ruby's electroencephalograms:

"I detected that he has a particular, very rare type of epilepsy which does not manifest itself in seizures but in other ways."

A number of psychiatric and medical witnesses who have testified for the prosecution said they flatly disagree with Gibbs' interpretations of Ruby's encephalograms—brain wave tests.

Gibbs' name and a letter he wrote concerning his opinion of Ruby's condition have been fiercely fought points of contention throughout Ruby's trial. Belli made numerous attempts to get Gibbs' findings before the jury, and Dist. Atty. Henry M. Wade struggled to keep them out.

Gibbs was the 66th witness in the trial, nearing the end of its fourth week. The state rested its case late Thursday and Judge Joe B. Brown had expected that would end the testimony.

However, defense lawyers after a battle, won permission from Judge Brown to delay the end of testimony until today so Gibbs could reach Dallas and testify.

After Gibbs finished, the defense rested. The state finished its case Thursday.

Judge Brown recessed the hearing until 1 p.m. (CST) at which time he said he would be ready to read the charge to the jury.

Glenn Expects Return To Ohio by April 1

SAN ANTONIO, Tex. (AP)—Former astronaut John H. Glenn Jr. fully expects to be back in Ohio again by April 1, a spokesman for Wilford Hall Air Force Hospital said Thursday.

Glenn, a Democratic senatorial candidate in Ohio, has been undergoing treatment here since Friday for a brain concussion.

The hospital spokesman said the Marine lieutenant colonel's recovery has been steady. Glenn fell in the bathroom of his Columbus, Ohio, apartment Feb. 26.

CITY AND COUNTY teachers were the students today as they participated in BIE day sponsored by the Circleville Chamber of Commerce.

While business went on as usual in the area establishments, the tutors of school systems were seeing a side of business new to many of them.

The numerous questions put to personnel in charge of conducting tours and explaining the operations were a good indication of the interest of the teachers.

The first BIE day seemed to be accomplishing its purpose.

2 Men Tied To Blasting Of Railroad

FORT PIERCE, Fla. (AP)—FBI agents arrested two former Florida East Coast Railway employees early today on charges they attempted to blow up an FEC train with 50 pounds of dynamite Thursday night.

The two were identified by FBI Director J. Edgar Hoover as John Wesley Davis, 28, who lives near here, and Joseph Leo Vedder, 32, of Miami.

Hoover said 15 sticks of dynamite were found wired to the rails at the north end of an FEC bridge in Indian River County, north of here.

The explosives were wired so they would detonate when a train's wheels passed over the tracks, the FBI said.

Saboteurs have blown five freight trains off FEC tracks this year, two late last month a few miles from Palatka where President Johnson was making a speech on a Florida tour.

The incident prompted the President to call on the FBI and Labor Department to do all possible to solve the sabotage and settle a 13½-month-old strike by 11 nonoperating unions.

The FBI dispatched a 30-man team to work on the bombings. Hoover said Vedder, who was armed with a .38 caliber pistol, was arrested in a car near where Davis was apprehended. No further details were released.

Election Year Jitters Kill Solons' Pay Boost

WASHINGTON (AP) — In a sudden seizure of election year jitters, the House has said "no thanks" to a \$10,000-a-year pay raise.

Its surprising decision Thursday that at \$22,500 Congress members are paid enough, killed a bill that would have boosted the salaries of 1.7 million government workers. The average mailman and government secretary stood to gain \$450 annually.

Theoretically, the Senate can revive the pay boost drive later this session, and to make it more palatable, at more modest proportions. Veteran observers consider this unlikely.

The higher salary structure had the strong support of the House Democratic leadership and the Johnson administration. It was scaled to boost those in the top levels 22.5 per cent and those on the lower rungs 3 per cent on the theory that the government can retain top people only by making their pay competitive with private industry.

However, this is an election year, and while the voter may favor a \$450 raise for his postman he may look askance at a \$10,000 boost for his congressman. Besides, the administration has filled the air with talk of economy.

Still, Democratic and Republican leaders were certain that if the House members did not have to go on record the \$545 million bill would be passed.

As the day wore on, provisions calling for increases for different groups of government workers were approved on lopsided nonrecorded votes.

When the critical vote on over all passage was imminent, a long-time economy champion Rep. H.R. Gross, R-Iowa, de-

manded a roll call. This would force every House member to go on record on a pay boost for himself and would tell the voter how his congressman voted.

Gross' move turned the tide. Although a little while earlier the House had voted 125-37 to keep congressional pay increases in the bill, now 136 Republicans joined with 86 Democrats to defeat the measure 222-184.

The 149 Democrats and 35 Republicans who voted for passage now are on record in fa-

vor of a pay increase that they did not get.

The only Ohio Democrat voting against the bill was Rep. Robert T. Secrest.

The Republicans against it were: Abele, Ashbrook, Ayres, Betts, O. Bolton, F. Bolton, Brown, Clancy, Devine, Harsha, Latta, Minshall, Mosher, Rich, Schenck and Taft.

Democrats for the bill were Ashley, Feighan, Hays and Kirwan. Republicans for it were Bow and McCulloch.

Ohio Valley Refugees Wait for River To Fall

By THE ASSOCIATED PRESS

Thousands of flood-weary refugees in the Cincinnati area waited for the big Ohio River to crest today and begin to fall.

The river was to have crested at 66.2 feet during the night—slightly below the predicted crest, but still higher than any time since 1945. The Weather Bureau said the waters should recede to below 65 feet by Saturday and 62.5 feet by Sunday morning.

President Johnson planned a stop at Cincinnati this afternoon to confer with Ohio, Indiana and Kentucky governors on the flood situation.

The river has remained almost stationary at the 66-foot mark the last two days at Cincinnati, where flood stage is 52 feet.

Forecasters said a chance of showers was seen for the weekend but they will have little or no effect on the river.

The trail of flood destruction cannot be estimated fully until the hundreds of persons chased from their homes can return. But the damage, officials say, will be millions of dollars.

Twenty-two counties in Ohio affected by the flood have been declared disaster areas by the federal Small Business Administration. Owners of homes, business and charitable institutions can apply for 3 per cent loans to try and repair the flood damage.

The Red Cross still was providing aid for flood victims and called in 200 national staff workers to assist victims in four other states. Relief operations

are now on permanent detail in a walkie-talkie-equipped rowboat to patrol the flooded Cincinnati bottoms area.

Brent Spence Bridge, which provides a good view of the flooded areas, is informing his fellows in the rowboat of possible looters.

Robert Hood, 43, told police someone rowed to his flooded anchor marine boating business, entered an unlocked second story window and made off with an undetermined amount of merchandise.

Police said they have received several reports of boat-borne persons trying to force windows in flooded out stores.

Kentucky House Votes Capital Punishment End

FRANKFORT, Ky. (AP)—The House voted Thursday to abolish capital punishment in Kentucky, but its action still needs Senate approval.

The bill eliminates the death penalty in all statutes that provide it. It is expected to face rough going in the upper chamber.

Postmaster Sought

WASHINGTON (AP)—The Civil Service Commission has announced it will receive applications for postmaster at Logan, Ohio. The job pays an annual salary of \$7,650.

No Clemency Recommended

Doctor To Serve Out His Sentence

COLUMBUS, Ohio (AP)—Ohio's Pardon and Parole Commission is sticking by an earlier stand against executive clemency for convicted wife slayer Samuel H. Sheppard.

John M. McElroy, assistant to Gov. James A. Rhodes said today's unanimous decision by the commission "leaves no action for the governor to take."

Sheppard, convicted of second-degree murder in the July 4, 1954, bludgeoning slaying of his pregnant wife, Marilyn, had asked for commutation. A similar request was rejected by the parole commission on Jan. 29, 1963.

The former Bay Village osteopath has been in state prisons for almost nine years. In Ohio, those convicted of second-degree murder are eligible for parole consideration after ten years. With time credit granted for teaching, it has been considered likely that Sheppard would come before the parole commission this fall.

In seeking commutation of his sentence to first-degree manslaughter, Sheppard had hoped he might receive executive clemency and be freed from Ohio Penitentiary in the near future.

Youth Gets Life For Kidnaping

ELKHART, Ind. (AP)—David Flournoy, 20-year-old Illinois tomato picker, has been sentenced to life imprisonment for the kidnaping, rape and robbery of a Cleveland, Ohio, woman last summer.

Flournoy of Mounds, Ill., was convicted in a jury trial last week and sentenced Thursday. He and two other young men were sought in the case.

One of the others drowned while being chased by police and the other, Myron Taborn, 18, already is serving a life term.

The youths were accused of abducting the young woman from a parked car near South Bend while she dozed with her boyfriend on a return trip from Chicago.

Queen Visits Jamaica

KINGSTON, Jamaica (AP)—Queen Mother Elizabeth of Britain arrived by plane in Kingston, Jamaica, from London Thursday night.

Rusty said when she was a 17-year-old recruit, one of the other girls dared her to have a butterfly inked into her chest.

"I liked the first tattoo and went on to have more and more of them," she said.

Rusty's pelt from the waist up is a tangle of snakes, panthers, demons, butterflies and flowers. Below the waist is a herd of varicolored lizards and winged gargoyles and a flying dragon in vivid green.

"I realize," said Rusty, "that if I ever marry it will have to be a man who likes tattoos."

Italy's Big Treasure: Relics from Past

ROME (AP)—After 20 to 30 centuries, Italy's greatest goldmine is still the buried archaeological treasures of its fabled past.

The take each year is fabulous—in priceless finds for museums and hundreds of thousands of dollars in contraband for smugglers.

Found in the past few months have been the long lost Greek colony of Sybaris, whose dancing horses led to the downfall of a luxury-loving populace, and the mystery mummy girl of Grottarossa whose body after 1,800 years still is scented with the perfume of an unknown art of embalming.

Still sought were Spina, last mystery city of the long dead

Etruscans, a Rosetta stone clue to translation of the still unreadable Etruscan language, and relics of the Greek war fleet that sank 2,376 years ago at Siracusa (Syracuse) in the greatest naval defeat in history.

Under Italian law all archaeological objects—the old or the newly discovered—are property of the state.

That was prompted by necessity. A few centuries ago noble Roman families hauled away statues and whole buildings of ancient Rome to decorate their villas.

In far southern Italy aerial photographs finally disclosed the outlines of what Italian archaeologists are convinced is long

lost Sybaris. Digging has just started.

Sybaris was the Greek colony whose late to bed and late to rise habits made Sybarite a synonym for voluptuous living.

It was founded by the Greeks in 720 B.C. and was danced to doom 2,500 years ago by its performing horses.

The Sybarites had trained them to dance to music as entertainment at the nightly wine fetes. When Sybaris was attacked by its poorer and weaker neighbor Croton, the Crotonians won by a trick.

When the famed Sybarite cavalry charged their infantry ranks, the Crotonian band played dance music and the charge broke into chaos as the Sybarite horses pranced and

piquetted to the tune.

The latest major find was the mystery mummy of a girl of 7 or 9, dug up amazingly after 18 centuries at Grottarossa, just north of Rome.

The embalming process, with a fluid still fragrant after the centuries, is believed to be Oriental or Egyptian. The theory is that the child was the daughter of a Roman consul in the east, that she died there and was embalmed so that her body could be brought home for burial.

American archaeologists, particularly from Princeton University and the University of Pennsylvania, have taken a prominent part in the excavations in Italy.

Negro Voter Signup Booms

2 Million in Dixie May Go to Polls

ATLANTA (AP)—Civil rights organizations are making slow, steady headway in a voter drive that might push Negro registration in the South to two million before the November election.

An Associated Press survey shows there are about 1.75 million Negro voters in 11 Southern states where white voters number 12.8 million.

White registration continues to increase just about enough to offset Negro gains.

The ratio of white to Negro voters remains at about 88-12 in the states surveyed — Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia.

Where no official records were available, estimates were made by state officials, party leaders and civil rights spokesmen.

Main targets of the Negro registration drive are seats in the U.S. House and Senate and the presidential election.

"You are liable to spoil that lineup of Southern senators," Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, told NAACP delegates to a regional meeting in Macon, Ga.

In Virginia, the drive is aiming at the 4th Congressional District where attorney S. W. Tucker, a Negro, is in the running.

Dr. Martin Luther King estimates potential Negro voting strength at 5.5 million in the South—where Negroes comprise 22 per cent of the population.

In Texas, Democrats, Republicans and Latin American organizations joined with Negroes in a pay-your-poll-tax campaign. Negro leaders estimated that 40,000 to 90,000 Negroes have been registered since 1960.

The river crested at several places upstream from Cincinnati Thursday and late Thursday night. It started a decline at Portsmouth after halting there at 61 feet, more than a foot short of earlier crest predictions.

But many West Side Portsmouth residents still were isolated by high waters and the Post Office Department was using boats to keep up mail deliveries.

At New Richmond, residents were waiting for the river to fall so they could start the huge cleaning-up process. All of the village's streets, including the business district, were under water.

Lady GI Told To Hide Her 62 Tattoos

LONDON (AP)—In British army parlance, a tattoo is a military exhibition.

More commonly, a tattoo is a skin adornment, and of these Pvt. Rusty Field, 20, of the Women's Royal Army Corps, has no fewer than 62.

Red-haired Rusty's tattoos march in close order from her shoulders to her dimpled knees. She received a firm warning today that her tattoos are taboo at tattoos—as well as at all other occasions when she is in uniform.

Rusty said when she was a 17-year-old recruit, one of the other girls dared her to have a butterfly inked into her chest.

"I liked the first tattoo and went on to have more and more of them," she said.

Rusty's pelt from the waist up is a tangle of snakes, panthers, demons, butterflies and flowers. Below the waist is a herd of varicoid lizards and winged gargoyles and a flying dragon in vivid green.

"I realize," said Rusty, "that if I ever marry it will have to be a man who likes tattoos."

Doctor To Serve Out His Sentence

COLUMBUS, Ohio (AP)—Ohio's Pardon and Parole Commission is sticking by an earlier stand against executive clemency for convicted wife slayer Samuel H. Sheppard.

John M. McElroy, assistant to Gov. James A. Rhodes said today's unanimous decision by the commission "leaves no action for the governor to take."

Sheppard, convicted of second-degree murder in the July 4, 1954, bludgeoning slaying of his pregnant wife, Marilyn, had asked for commutation. A similar request was rejected by the parole commission on Jan. 29, 1963.

The former Bay Village osteopath has been in state prisons for almost nine years. In Ohio, those convicted of second-degree murder are eligible for parole consideration after ten years. With time credit granted for teaching, it has been considered likely that Sheppard would come before the parole commission this fall.

In seeking commutation of his sentence to first-degree manslaughter, Sheppard had hoped he might receive executive clemency and be freed from Ohio Penitentiary in the near future.

Youth Gets Life For Kidnaping

ELKHART, Ind. (AP)—David Flournoy, 20-year-old Illinois tomato picker, has been sentenced to life imprisonment for the kidnaping, rape and robbery of a Cleveland, Ohio, woman last summer.

Flournoy of Mounds, Ill., was convicted in a jury trial last week and sentenced Thursday. He and two other young men were sought in the case.

One of the others drowned while being chased by police and the other, Myron Taborn, 18, already is serving a life term.

The youths were accused of abducting the young woman from a parked car near South Bend while she dozed with her boy friend on a return trip from Chicago.

News of World in Brief

WASHINGTON (AP) — The United States and Panama reportedly have reached agreement on a formula for opening negotiations on their differences over the Panama Canal.

The formula also will provide for renewed diplomatic relations between the two countries, it was learned Thursday night.

Informed diplomats said the only problem delaying an announcement was a minor difference over the wording in statements to be made by President Johnson and Panama President Roberto Chiari.

SALEM, N.H. (AP) — They're off and running in the New Hampshire Sweepstakes, the nation's only state-sponsored lottery in the 20th century.

Tickets went on sale at Rockingham Park race track Thursday night and some 3,600, including Gov. John W. King, paid \$3 for a chance to win \$100,000.

The inaugural race in the sweeps will be run Sept. 12 at Rockingham.

COLUMBUS, Ohio (AP) — State Auditor Roger W. Tracy says fines and forfeitures resulting from Ohio Highway Patrol citations last year amounted to \$1,533,061, an increase of \$20,075 over 1962.

Liquor fines last year totaled \$46,754, for an increase of \$4,965, Tracy reported.

Under the distribution formula giving the state 45 per cent of receipts from highway cases, the state received \$689,877. The state's 50 per cent share of liquor fines amounted to \$23,337.

The largest traffic fine total was posted in Ashtabula County, with \$58,355. Second was Montgomery County with \$52,248 and third, Muskingum County, with \$48,957.

NEW DELHI, India (AP) — Ten thousand demonstrators paraded through New Delhi today, shouting demands that ailing Prime Minister Nehru resign. "Nehru is paralyzed, the government is paralyzed," the demonstrators shouted.

The demonstration was organized by the Indian Socialist par-

ty ostensibly to protest the rising cost of living. It quickly took an anti-Nehru turn.

Nehru, 74, has withdrawn from public life since suffering a stroke Jan. 7. Most of his duties are being handled by subordinates, and some of his closest advisers are maneuvering to succeed him.

MIAMI, Fla. (AP) — The Beatles apparently are wearing a little thin with some fellow Britons.

Radio station WQAM of Miami reports it received a letter from four British seamen stationed in the Bahamas asking that the station not play so much of that "Limey" music by the Beatles.

Jury Hears Appeal Case

An appeal case opened its second day of testimony today in Pickaway County Common Pleas Court before a panel of 13 jurors.

Troy J. Adkins is the plaintiff of the case who is asking the court to permit him to participate in unemployment compensation benefits.

Adkins was injured while working for the Sever & Williams Co. at the site of the Nicholas Drive Elementary School. He was refused benefits by the Board of Review of the Industrial Commission, and as a result filed legal action in the county court to receive benefits.

Representing Adkins is John McCormack. Donald Coulard, an assistant attorney general, is appearing on behalf of the Bureau of Unemployment Compensation, and Charles H. Hire, Washington C. H., represents the firm of Sever & Williams. Judge William Ammer is hearing the case.

Members of the jury are Glenn W. Weiler Maude R. Hedges, Betty R. Conley, Betty J. Justice, Thomas Downing, Carl E. Scothorn, Elva M. Myers, Doris Kay Martin, Hubert Justice, Gladys Naomi Downs, George F. Mowery, Betty A. Bowers and David L. Snyder.

Local Man Is Fined \$100

Kenneth Hamilton, 164 Fourth St., was fined \$100 and costs and sentenced to 30 days in county jail today by Municipal Court Judge Sterling M. Lamb.

Hamilton was cited into court on two charges of intoxication filed by Circleville Police.

Judge Lamb also reimposed suspended portions of previous fines that were levied when Hamilton appeared in court last November on charges of drunk and disorderly and resisting arrest.

Business Briefs

John Magill, owner of the Western Auto Store, 124 W. Main St., announced this week, the opening of a new catalog order center as an added service for customers in this area.

Magill said that the new service is part of a nationwide catalog order program initiated by Western Auto at this time through its 438 company stores and more than 4000 home-owned and operated dealer stores. This will constitute the largest single group of catalog order centers in the U. S.

The distribution of millions of colorful catalogs is now being made in all sections of the nation and should be completed soon. The catalog, with 320 pages, lists thousands of items offered by Western Auto.

Magill said he will complete distribution of the catalogs to his customers in the next few days. Anyone who does not receive a catalog can get one by coming to the store, he said.

Academic Honors Go to UM Student

Several outstanding University of Michigan students, including one from Circleville, have won the 1964-65 Woodrow Wilson Fellowships, one of the highest academic honors awarded in the United States and Canada.

The local student receiving an honorable mention award is John T. Davis, son of Mr. and Mrs. Ray W. Davis, 120 Montclair Ave.

The U-M's total ranked second in the nation among state universities and colleges. University of California's four campuses received 46. Including this year's winners, a total of 159 U-M students have won the award since the program was established in 1945.

Intent of the awards, made annually by the Woodrow Wilson National Fellowship Foundation, is to encourage top seniors to become college teachers. A total of 1,507 persons were picked from over 11,000 U. S. and Canadian candidates this year.

Each fellowship covers tuition and fees for first-year graduate study, plus a stipend of \$1,800 and dependency allowances.

Also recognized by the foundation were 26 additional U-M seniors who received honorable mentions. On the basis of past experience, most of the honorable mention winners will receive alternate awards either directly from universities or from other organizations, according to the Foundation.

Following the recent years' pattern, all but one of the 1964-65 U-M winners and all but five of the honorable mention winners are members of the University's Honors Program.

Follies Show Will Feature 'Rockettes'

One of the many highlights of "High Fever Follies" to be presented at the CHS auditorium next Friday and Saturday will be the "Rockettes" — a chorus line of local women featuring Mrs. Viola Benzenberg, 526 Northridge Road, who danced for several years with the Rockettes of Radio City Music Hall in New York.

The line-up of chorus girls include Mrs. Benzenberg, Jean McCoy, Mary Eaton, Phyllis Hines, Jan McKelvey, Olive McDonough, Sue Karickhoff, Kay Sarchett, Judy Stout, Betty Connell, Mary Jo Sanguly, Gloria Eberwein.

Other specialty numbers performed by local talent (omitted from the cast published yesterday) include Mrs. Harry Clifton Jr., Jo Pettit, Teresa Montavon, Marie Mershon and Earl Boen.

Tickets are now on sale in The Savings Bank lobby. Tickets are also being reserved in the bank lobby daily during business hours.

Removal of Dead Stock Is Duty Of Occupant

Thoburn Blaney, county sanitarian, said today that property owners and occupants are responsible for removing dead livestock that may have been washed on their property by the flood.

The question arose when Harlan Freeman, Route 3, reported to the Circleville Twp. trustees a dead cow was caught in a flood gate on his property.

Although the dead animal came from above Freeman's property, it is now his responsibility to have it removed, Blaney reported.

"State statute governing this is very specific," Blaney said. "The animal must be removed within 24 hours of discovery by the occupants of the property or 24 hours after they have been notified by proper authorities."

Youth Injured In Bathroom Fall

Ricky Chaffin, 4, son of Mr. and Mrs. Richard Chaffin, Tarlton, who fell against the bathroom wall and lacerated his forehead received emergency aid in Berger Hospital yesterday. He was treated and released.

The blaze began when the furnace of the two-story building exploded, Mrs. Dewey Autry, 62, a nurse, said the blast occurred as she passed near the furnace. She was saved from serious injury when a fellow employee ripped off her flaming uniform.

Turkey Issues Ultimatum To Greek Cypriot Chiefs

NICOSIA, Cyprus (AP) — Turkey issued an ultimatum to the Greek Cypriot government of Cyprus today, warning that it would take unilateral action unless a cease-fire was put in force throughout the island and all acts against the Turkish Cypriot community were stopped.

The ultimatum, which carried the implied warning of a Turkish invasion of Cyprus, was contained in a note delivered today to the government of Greek Cypriot President Makarios by the Turkish Embassy in Nicosia.

The note had been given to the U.S. British and Greek ambassadors in Ankara, the Turkish capital, Thursday night.

Turkey said if its conditions were not met immediately, it would intervene under the 1960 treaty of guarantee which accompanied the independence of Cyprus from Britain.

The treaty empowers Britain, Greece or Turkey to intervene unilaterally to preserve the constitution of Cyprus. Makarios' desire to remove the constitution's veto powers for the Turkish Cypriot minority is at the root of the Cyprus crisis and the civil war between the island's two communities.

Reports that Turkish naval units had taken aboard troops and marines Thursday at Iskenderun, 100 miles north of Cyprus.

Ben Gordon, 112 Northridge Road, has been dismissed from University Hospital, Columbus.

William H. Edwards, Route 1, Laureville, has been admitted to Hocking Valley Hospital, Logan.

commission recommends that Sheppard "continue to serve his sentence until he become eligible for parole consideration after expiration of his minimum sentence."

Sheppard has said that he would accept a parole, but would prefer release at once under clemency.

Left somewhat up in the air are assertions made by former fellow inmates regarding Sheppard's conduct in the Marion Correctional Institution while he was there in 1961-62. Pardon and Parole Commission Chairman J. Arthur Shuman indicated any investigation of these allegations probably would be an institutional matter.

However, the state correction commissioner, Maury C. Koblenz, said that the highway patrol made an investigation "at the time these rumors were prevalent." This included placing an undercover agent in the Marion institution, he said. But the rumors were not verified.

"If the parole commission wants any information, the prisons certainly will be glad to supply it," Koblenz added.

The parole commission was conducting hearings today and members could not be reached immediately for comment on their reasons for declining to modify the 1963 recommendation against clemency.

NEW YORK (AP) — Strength in coppers helped an irregularly higher stock market further into new high ground early this afternoon. Trading was active.

Coppers, spurred by price boost news, advanced fractions to 1 or 2 points.

Gains of a point or so also appeared among aerospace issues, chemicals, photographic and office equipment issues.

IBM touched another yearly peak and held about a 4-point gain after going higher at the start.

The coppers advanced from the start on news of strength in copper futures and raised prices by two major African producers. They increased their gains after American Smelting & Refining raised the price of copper by 1 cent to 32 cents a pound, the first change in the U.S. price since mid-May 1961.

Big Three motors were mixed. The Associated Press average of 60 stocks at noon was up .4 at 301.8 with industrials up .8, rails up .1 and utilities up .1.

No matter what your taste in music, you can find an instrument to play in New York's Musical Museum.

People have been doing just that — and, more often than not, they're allowed to pump, crank and play the instrument they want to hear — at Deansboro, N. Y., for the past 16 years.

Situated in the beautiful Mohawk Valley, 14 miles south of Utica, Hardie and Esther Skeritt Sanders and their son, Arthur, invite guests to try a tune on an antique pipe organ, crank an organ-grinder's organ (no monkey!), drop a nickel into a century-old jukebox which plays

Du Pont sales in 1963 established a new high for the fifth consecutive year, Lamont du Pont Copeland, president, said yesterday in his annual report to the company's 234,000 stockholders. He described it as "a good year and one of intense activity and increasing competition."

Sales in dollars in 1963 increased six per cent over 1962. Physical volume of sales was seven per cent greater while the company's index of selling prices averaged one per cent lower than in 1962.

Net earnings from operations, which also set a record, in "Practically all of the company's product lines enjoyed an increased volume," Copeland said.

Construction expenditures for plants and laboratories went up to a new high of \$370 million, exceeding by far the previous high of \$245 million in 1962. Spending ranged broadly over Du Pont's product lines, including fibers, synthetic rubber, films, resins and other. Construction expenditures for 1964 are expected to be about \$295 million.

Average operating investment was \$3,605 million, an increase of eight per cent over the average of \$3,341 million for 1962. With only a slight increase in net earnings from operations over 1962, the ratio of net earnings to operating investment decreased from 9.1 per cent in 1962 to 8.6 per cent last year.

As announced previously, sales of \$2,555 million in 1963 compared with \$2,407 million for 1962. After-tax earnings from Du Pont sources were \$315 million, or \$6.84 per common share, as compared with \$310 million, or \$6.73 a share, in 1962.

NE Ohio Asks More Youth Facilities

JEFFERSON, Ohio (AP) — The Northeast Ohio Youth Commission says it will urge Gov. James A. Rhodes to ask the next legislature for funds to build more juvenile training facilities.

Joseph P. Mallone, commission president, said Thursday that inadequate conditions at the Boy's Industrial School in Lancaster have been deplored for so long that it is time something was done.

"It's a waste of time to send boys down there," said Mallone, chief juvenile probation officer in Ashtabula County.

Noting the industrial school was built to handle 550 boys but now has 1,100, Mallone termed the program there totally inadequate.

He said the commission would like to see a training school, youth farm or similar facility located in this part of the state. The commission's members represent Lake, Geauga, Ash-tabula, Portage and Trumbul counties.

Ohio Trucker Gets Citation For Heroism

CHARDON, Ohio (AP) — "Anybody would have done the same thing," said a Geauga County truck driver after being told the Carnegie Hero Fund Commission had cited him for a heroic act last May.

For pulling a father and his three children from a car seconds before it exploded, Lyle Slusher of Newbury was awarded a bronze medal and \$750. The award, announced Thursday in Pittsburgh, was one of 25 to persons honored for their bravery.

The rescue took place on Ohio 44 near the Auburn Township line after a car driven by Richard Wortman, 34, of Hamblin Township, Geauga County, went off the road into a ditch.

Slusher stopped his car when he heard children screaming in the wrecked station wagon. First he rescued Wortman's twin daughters, Linn and Lina, now 9, then returned for another daughter, Terry, now 6.

Wortman, trapped in the wreckage, was freed by Slusher. Moments later the vehicle's gas tank exploded and burst into flames. Wortman received multiple burns.

BARDSTOWN, Ky. (AP) — The back of Nazareth College campus adjoins a distillery and the aroma of whisky mash often fills the air.

Recently, a priest visited the campus and jokingly told an Irish nun: "Sister, I couldn't help noticing that there is a well trodden path from the campus to the distillery."

Without batting an eyelash, she replied: "And I couldn't help noticing how fast you found the well-trodden path, your reverence."

Monroe Council No. 10 Discusses Insurance Costs

Monroe Township Advisory Council No. 10 held the March meeting Wednesday evening in the home of Mrs. Francis Furniss.

The discussion leader, Dale Stubbs, presented the topic, "What can we do to reduce the cost of Insurance?" which was read and discussed.

At the close of the meeting refreshments were served to: Mr. and Mrs. Herman Porter, Mr. and Mrs. Howard Tallman and daughters, Debbie and Mary Anna, Mr. and Mrs. Allen Fol-lard, Mr. and Mrs. Ernest Sheets, Mrs. William Davis and son, Jeffrey, and Mr. Dale Stubbs.

The April meeting will be held in the home of Mr. and Mrs. William Davis.

Way-Out Poetry Prof Is Fired

CLEVELAND (AP) — Thirty Western Reserve University students threatened a sit-in today in protest over the firing of a 29-year-old poet-teacher.

The students angered over the dismissal of Robert Mezey, were expected to stage their protest in the office of Frank H. Hurley, dean of arts and sciences at Western Reserve.

Mezey, winner of the Lamont Poetry Prize in 1960, is described by his student supporters as a way-out poet who is "casual and unorthodox in dress and words."

His backers said Mezey's teaching style has proved too much for the university's English Department in which he taught one semester. Mezey, who came here last September from Fresno State College in California, is now on a poetry reading tour at Temple University and Bennington College.

The poet, whose salary has been paid until June, was re-fused a contract renewal. Mezey reportedly was told by letter Jan. 15 that he had refused to follow the syllabus (course of study) in teaching his freshman English classes and that this amounted to a "de facto" resignation.

Several WRU faculty members also have supported Mezey's cause and one fellow teacher said the syllabus was "Mediocre and lack quality."

No. 10 Discusses Insurance Costs

Monroe Township Advisory Council No. 10 held the March meeting Wednesday evening in the home of Mrs. Francis Fur-niss.

The discussion leader, Dale Stubbbs, presented the topic, "What can we do to reduce the cost of insurance?" which was read and discussed.

At the close of the meeting refreshments were served to: Mr. and Mrs. Herman Porter, Mr. and Mrs. Howard Tallman and daughters, Debbie and Mary Anna, Mr. and Mrs. Allen Fol-lrod, Mr. and Mrs. Ernest Sheets, Mrs. William Davis and son, Jeffrey, and Mr. Dale Stubbbs.

The April meeting will be held in the home of Mr. and Mrs. William Davis.

Way-Out Poetry Prof Is Fired

CLEVELAND (AP) — Thirty Western Reserve University students threatened a sit-in today in protest over the firing of a 29-year-old poet-teacher.

The students angered over the dismissal of Robert Mezey, were expected to stage their protest in the office of Frank H. Hurley, dean of arts and sciences at Western Reserve.

Mezey, winner of the Lamont Poetry Prize in 1960, is described by his student supporters as a way-out poet who is "casual and unorthodox in dress and words."

His backers said Mezey's teaching style has proved too much for the university's English Department in which he taught one semester. Mezey, who came here last September from Fresno State College in California, is now on a poetry reading tour at Temple University and Bennington College.

The poet, whose salary has been paid until June, was refused a contract renewal. Mezey reportedly was told by letter Jan. 15 that he had refused to follow the syllabus (course of study) in teaching his freshman English classes and that this amounted to a "de facto" resignation.

Several WRU faculty members also have supported Mezey's cause and one fellow teacher said the syllabus was "Mediocre and lack quality."

A Red Is a Red

Britain has a theory on "fat" and "skinny" communists. "We have always felt the more comfortable one (communist) is, the less likely he is to be a fanatical communist," said Prime Minister Douglas-Home, as a partial justification for the continuance of British trade with Cuba.

The basis of the theory is that a satisfied communist, a "fat" one, is less dangerous than a communist in need of many things, a "skinny" one.

The British, in their thinking, are making a direct casual relationship between wealth and revolutionary fervor as enunciated in communist domestic and foreign policy. This is fallacious. Too many other factors are involved.

The fanaticism, or lack of it — the character — of the force used to implement communism, is part and parcel of a communist nation's national and international policies. This hinges on factors such as internal politics, leadership, national defenses — and economics.

All these factors contribute to the demeanor of policy, fanatical or aggressive. To fatten a communist nation through legitimate trade in hope that it will lessen revolutionary fervor could lead to a form of international blackmail — "you trade with us and we'll be more orthodox."

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

A conference on arthritis held recently in Rome to review the advances made towards the prevention, control and cure of rheumatoid arthritis. Twenty-three nations participated.

It was agreed that, despite the difficulty at arriving at the ideal program for each individual patient, the possibilities for treatment are much more encouraging and more varied than is generally believed.

Professor A. Robecchi of Turin, Italy, related his experience in the successful treatment of rheumatoid arthritis. He felt that the program should include drugs, physical therapy, thermal baths, mud packs, surgery when indicated, diet and a regime of mild exercise. This union of forces produced in many cases more lasting and gratifying results.

Drugs found to be beneficial included the salicylates and the corticosteroids (cortisone). There are additional, newly created chemical agents now being evaluated for their effect and side effects before being used in general treatment.

In specially selected cases, many types of orthopedic operations have been effective in returning rheumatoid arthritis patients to almost normal function.

The ideal combination of available remedies is custom-designed to fit the individual needs of each patient.

Occupational therapy, exercise and psychological support are vital to the total rehabilitation of the patient.

The health conference recognized the unfortunate fact that at present there is no single prescribed cure for this type of arthritis. But within the framework of modern medicine there are still many health benefits to be derived.

Programs of treatment and rehabilitation offer encouragement and hope to each individual suffering from rheumatoid arthritis. Patients should also be heartened by the knowledge that medical science never ceases to seek new avenues to recovery and sustained health.

"It's nothing. It's only a sprain" is the frequent plea of the patient whose family insists he see a doctor. All too often "only a sprain" turns out to be "only a fracture."

Ankles, knees, shoulders and wrists can be damaged by a seemingly slight injury. Muscles, tendons and blood vessels may be stretched and torn.

A self-diagnosis of simple sprain or strain can not safely be made because the symptoms of pain, swelling, discoloration and tenderness are common to both fractures and lesser injuries.

Even before a doctor has examined the injury, the immediate application of cold packs, with ice or cold wet towels, followed by heat after several hours, is a dependable and effective measure for relieving the discomfort of both sprains and fractures.

Any other treatment, such as splinting, bandaging or taping should be performed only under the expert guidance of a physician after thorough clinical and X-Ray examination. If it's a leg that's injured, it is advisable to keep off it until the doctor examines it.

When fractures are neglected by a casual disregard of the seriousness of an injury, permanent limitation may result. Only a doctor may safely say, "It's only a sprain."

The Business World

By Sam Dawson

NEW YORK (AP)—About the worst thing that could befall the American economy on Friday the Thirteenth would be a loss of public confidence. But on this Friday the Thirteenth confidence is at an unusually high point.

Confidence is so high today that it leads some to shake their gray locks in wariness. They remember that confidence often hits a peak just when the economy is ready to turn down from causes the public hasn't noted.

Why are businessmen as well as the general public so free right now in expressing confidence? And what could undermine this state of euphoria?

Take the obvious causes of contentment first. The stock market averages have been setting a steady procession of new peaks. True, rising stock prices are a result of don't own any shares, feel better when the market is going up. They reason that those in the know must be sure of better days ahead.

Closer at home are personal incomes. The total keeps on rising from many causes—larger wage scales, overtime work, increased dividends, higher returns from savings. And now disposable personal incomes are going up due to the cut in federal income tax rates.

Employment totals have been rising, too. This is small comfort to the more than four million officially estimated as unemployed. But those who do have jobs feel confident of ability to meet next month's payments on their various forms of debt.

The cold war bothers people less right now. There are many trouble spots, and still more potential ones, but compared to some past years the picture today is less frightening.

What could upset all this? At home, the big uncertainties just now center on the effects of the tax cut. Confidence is a fine thing. A boom-and-bust psychology isn't. And this will be watched closely. If consumers went on a spree, spent too much, went too far into debt, the results could be disastrous. So would any overexpansion by industry.

For all the unlikely right now, inflation could then become a problem again. And so could the loss of the dollar's prestige abroad. A cut in the purchasing power of the dollar would more than eat up any benefits from a tax cut.

The first battleground, if such a boom should show signs of breaking forth, would be in the field of monetary control. Those who want easy money as the best way to feed a growing economy would fight it out with those who want dear money as the best safeguard against an overheated boom leading to a bust.

There are several reasons why many think this Friday the Thirteenth sees no immediate dangers of such a showdown.

Business expansion plans, although being beefed up as confidence grows, are still in line with the current realities. Most business executives have shown caution throughout the three years of the business upswing.

Inventories are in trim shape, on the whole. Overextended stocks have often triggered, and certainly made worse, business downturns in the past.

Booby Traps Ahead

By John Chamberlain

WASHINGTON — If Barry Goldwater makes it all the way to the nomination, it will be due to a remarkable ability to climb out of booby traps.

Jumping from New Hampshire to the West Coast, as he must do this coming week-end for rallies and conferences at a convention of the misleadingly named California Republican Assembly at Fresno, Goldwater has to surmount the latest misconception about the progress of his campaign. He is supposed, on no evidence that is visible to Goldwater headquarters in Washington, to be losing ground on the Pacific Coast.

The latest misconception arises from the institutional nature of California politics. The law of California prevents the endorsement of primary candidates by official party organs such as a central committee. So, in an effort to give structure and direction to political campaigns, unofficial bodies spring up to recommend candidates. The California Republican Assembly is one such body.

In the past, the Republican Assembly has been "liberal". But its 15,000 members undoubtedly include many shades of Republican opinion. If it goes for a specific Presidential candidate at Fresno, it will mean a good deal to whoever gets the nod.

The trouble is that the Republican Assembly does nothing simply. Early in March it undertook, by way of a preliminary screening committee, to endorse a Presidential choice for meeting. But the screening committee passed the job to a subcommittee to recommend a recommendation for final recommendation at Fresno. The whole business suggests Casey Stengel trying to explain to Gertrude Stein why this feller was supposed to tell that feller what to tell the other feller about the feller everybody wants.

Well, the subcommittee of the preliminary screening committee

accorded twelve votes to Goldwater, eight to Rockefeller and one to Harold Stassen. Whereupon the full preliminary screening committee of fifty hit the roof. It overrode the subcommittee's vote — and the news promptly went forth that "Coast G.O.P. Stops Goldwater." This, despite the fact that the generally "liberal" full committee, in its consternation, decided to recommend no endorsement of a Presidential candidate to the full Fresno Assembly convention.

The Goldwaterites, contemplating the damage done by the impression that their tiger had met with a terrible rebuff, don't quite know what to make of it all. For, as they see it, the news should have had it that Goldwater had surprisingly stopped Rockefeller (in the subcommittee of the screening committee), and then the Rockefeller forces had stopped Goldwater from stopping Rockefeller but had not dared to recommend their own man to the full Assembly at Fresno for fear of risking a reprise of what had happened in the subcommittee of the screening committee. What the Goldwaterites were up against was the fact that when things happen in this world in a Stengelese way, it is impossible to convey the truth in capsule form for general consumption.

The full Fresno convention of the California Republican Assembly must, like the preliminary screening committee which was set up to give it a Presidential recommendation, take cognizance of the possibility that too much infighting before the California June 2 primary may create the same sort of bad blood that defeated Nixon in his campaign for governor. But neither Goldwater nor

Rockefeller will feel happy if the Fresno Assembly produces another "no recommendation" decision. The Goldwaterites in particular wish to force a recommendation of their man at Fresno in order to erase the impression that he was booby-trapped when that screening committee overturned the decision of its subcommittee.

Meanwhile, the westward-bound Barry Goldwater must feel that the old-time movie heroine of "The Perils of Pauline" had nothing on him.

When fractures are neglected by a casual disregard of the seriousness of an injury, permanent limitation may result. Only a doctor may safely say, "It's only a sprain."

In specially selected cases, many types of orthopedic operations have been effective in returning rheumatoid arthritis patients to almost normal function.

The ideal combination of available remedies is custom-designed to fit the individual needs of each patient. Occupational therapy, exercise and psychological support are vital to the total rehabilitation of the patient.

The health conference recognized the unfortunate fact that at present there is no single prescribed cure for this type of arthritis. But within the framework of modern medicine there are still many health benefits to be derived.

Programs of treatment and rehabilitation offer encouragement and hope to each individual suffering from rheumatoid arthritis. Patients should also be heartened by the knowledge that medical science never ceases to seek new avenues to recovery and sustained health.

"It's nothing. It's only a sprain" is the frequent plea of the patient whose family insists he see a doctor. All too often "only a sprain" turns out to be "only a fracture."

Ankles, knees, shoulders and wrists can be damaged by a seemingly slight injury. Muscles, tendons and blood vessels may be stretched and torn.

The Business World

By Sam Dawson

NEW YORK (AP)—About the worst thing that could befall the American economy on Friday the Thirteenth would be a loss of public confidence. But on this Friday the Thirteenth confidence is at an unusually high point.

Confidence is so high today that it leads some to shake their gray locks in wariness. They remember that confidence often hits a peak just when the economy is ready to turn down from causes the public hasn't noted.

Why are businessmen as well as the general public so free right now in expressing confidence? And what could undermine this state of euphoria?

Take the obvious causes of contentment first.

The stock market averages have been setting a steady procession of new peaks. True, rising stock prices are a result of don't own any shares, feel better when the market is going up. They reason that those in the know must be sure of better days ahead.

Closer at home are personal incomes. The total keeps on rising from many causes—larger wage scales, overtime work, increased dividends, higher returns from savings. And now disposable personal incomes are going up due to the cut in federal income tax rates.

Employment totals have been rising, too. This is small comfort to the more than four million officially estimated as unemployed. But those who do have jobs feel confident of ability to meet next month's payments on their various forms of debt.

The cold war bothers people less right now. There are many trouble spots, and still more potential ones, but compared to some past years the picture today is less frightening.

What could upset all this?

At home, the big uncertainties just now center on the effects of the tax cut. Confidence is a fine thing. A boom-and-bust psychology isn't. And this will be watched closely. If consumers went on a spree, spent too much, went too far into debt, the results could be disastrous. So would any overexpansion by industry.

For all the unlikely right now, inflation could then become a problem again. And so could the loss of the dollar's prestige abroad. A cut in the purchasing power of the dollar would more than eat up any benefits from a tax cut.

The first battleground, if such a boom showed signs of breaking forth, would be in the field of monetary control. Those who want easy money as the best way to feed a growing economy would fight it out with those who want dear money as the best safeguard against an overheated boom leading to a bust.

There are several reasons why many think this Friday the Thirteenth sees no immediate dangers of such a showdown.

Business expansion plans, although being beefed up in confidence grows, are still in line with the current realities. Most business executives have shown caution throughout the three years of the business upswing.

Inventories are in trim shape, on the whole. Overextended stocks have often triggered, and certainly made worse, business downturns in the past.

Booby Traps Ahead

By John Chamberlain

WASHINGTON — If Barry Goldwater makes it all the way to the nomination, it will be due to a remarkable ability to climb out of booby traps.

Jumping from New Hampshire to the West Coast, as he must do this coming week-end for rallies and conferences at a convention of the misleadingly named California Republican Assembly at Fresno, Goldwater has to surmount the latest misconception about the progress of his campaign. He is supposed, on no evidence that is visible to Goldwater headquarters in Washington, to be losing ground on the Pacific Coast.

The latest misconception arises from the institutional nature of California politics. The law of California prevents the endorsement of primary candidates by official party organs such as a central committee. So, in an effort to give structure and direction to political campaigns, unofficial bodies spring up to recommend candidates. The California Republican Assembly is one such body.

In the past, the Republican Assembly has been "liberal." But its 15,000 members undoubtedly include many shades of Republican opinion. If it goes for a specific Presidential candidate at Fresno, it will mean a good deal to whoever gets the nod.

The trouble is that the Republican Assembly does nothing simply. Early in March it undertook, by way of a preliminary screening committee, to endorse a Presidential choice for meeting. But the screening committee passed the job to a subcommittee to recommend a recommendation for final recommendation at Fresno. The whole business suggests Casey Stengel trying to explain to Gertrude Stein why this feller was supposed to tell that feller what to tell the other feller about the feller everybody wants.

Well, the subcommittee of the preliminary screening committee

accorded twelve votes to Goldwater, eight to Rockefeller and one to Harold Stassen. Whereupon the full preliminary screening committee of fifty hit the roof. It overrode the subcommittee's vote — and the news promptly went forth that "Coast G.O.P. Stops Goldwater." This, despite the fact that the generally "liberal" full committee, in its consternation, decided to recommend no endorsement of a Presidential candidate to the full Fresno Assembly convention.

The Goldwaterites, contemplating the damage done by the impression that their tiger had met with a terrible rebuff, don't quite know what to make of it all. For, as they see it, the news should have had it that Goldwater had surprisingly stopped Rockefeller (in the subcommittee of the screening committee), and then the Rockefeller forces had stopped Goldwater from stopping Rockefeller but had not dared to recommend their own man to the full Assembly at Fresno for fear of risking a reprise of what had happened in the subcommittee of the screening committee. What the Goldwaterites were up against was the fact that when things happen in this world in a Stenographic way, it is impossible to convey the truth in capsule form for general consumption.

The full Fresno convention of the California Republican Assembly must, like the preliminary screening committee which was set up to give it a Presidential recommendation, take cognizance of the possibility that too much infighting before the California June 2 primary may create the same sort of bad blood that defeated Nixon in his campaign for governor. But neither Goldwater nor

Rockefeller will feel happy if the Fresno Assembly produces another "no recommendation" decision. The Goldwaterites in particular wish to force a recommendation of their man at Fresno in order to erase the impression that he was booby-trapped when that screening committee overturned the decision of its subcommittee.

Meanwhile, the westward-bound Barry Goldwater must feel that the old-time movie heroine of "The Perils of Pauline" had nothing on him.

A BIGGER World

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest
factor on earth for the build-
ing of character and good
citizenship. It is a storehouse
of spiritual values. Without
a strong church, neither
democracy nor civilization
can survive. There are four
sound reasons why every
person should attend services
regularly and support the
church. They are: (1) For his
own sake. (2) For his chil-
dren's sake. (3) For the sake
of his community and nation.
(4) For the sake of the church
itself, which needs his moral
and material support. Plan
to go to church regularly
and read your Bible daily.

There comes a time, even in a chick's life, when the way must open to a
greatly expanded world. When his confining shell no longer allows proper
growth, he makes a point of throwing off his shackles and steps out into a big,
strange world.

This comparatively simple phenomenon is paralleled in human existence as
each child grows toward adulthood, and reaches out for the wider horizon. What
he finds there will depend in great part on what he has been taught.

For this reason the early and continued guidance of Christian home and
church are all-important. From these things the foundation of faith is built.
Through faith and understanding the shackles of fear and bondage are dispelled,
and your child grows spiritually strong to meet the ever-widening horizons and
challenges of a modern world.

A BIGGER World

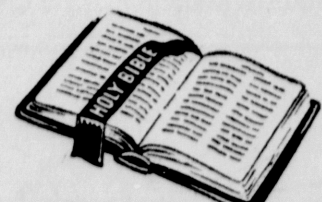

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest
factor on earth for the build-
ing of character and good
citizenship. It is a storehouse
of spiritual values. Without
a strong church, neither
democracy nor civilization
can survive. There are four
sound reasons why every
person should attend services
regularly and support the
church. They are: (1) For his
own sake. (2) For his chil-
dren's sake. (3) For the sake
of his community and nation.
(4) For the sake of the church
itself, which needs his moral
and material support. Plan
to go to church regularly
and read your Bible daily.

There comes a time, even in a chick's life, when the way must open to a
greatly expanded world. When his confining shell no longer allows proper
growth, he makes a point of throwing off his shackles and steps out into a big,
strange world.

This comparatively simple phenomenon is paralleled in human existence as
each child grows toward adulthood, and reaches out for the wider horizon. What
he finds there will depend in great part on what he has been taught.

For this reason the early and continued guidance of Christian home and
church are all-important. From these things the foundation of faith is built.
Through faith and understanding the shackles of fear and bondage are dispelled,
and your child grows spiritually strong to meet the ever-widening horizons and
challenges of a modern world.

Naturalist Addresses Pickaway County GC

John Brubaker, assistant to the chief naturalist of the state of Ohio, addressed members of the Pickaway County Garden Club when they met this week in Atwater school. He was introduced by Mrs. James Stallings, a member of the program committee.

Mr. Brubaker showed slides and commented on wild flowers, forest trees and scenic views of the state parks. He answered questions during his lecture.

Several interesting facts related were: bittersweet is poison and has been known to cause death to children who ate its bright berries; pokeweed is edible in early spring, however when the skin of the stems turn red pokeweed is highly poisonous; the juice of jewel weed will relieve the sting of nettles, both plants often grow in the same locality; there is a simple and inexpensive method for the homeowner to check the Dutch Elm Disease.

The speaker served as naturalist at Pike State Park during 1963 when he conducted field trips, auto tours and evening lectures.

Mrs. Ned Harden, president, conducted the business session. She introduced three new members — Mrs. Harold Deffenbaugh, Mrs. Joe Christy and Mrs. Merle Kinser.

Mrs. Harden announced that the April meeting will be held April 8 instead of the second Tuesday of the month because the annual meeting of Garden Club of Ohio is to be held in Cincinnati April 14 and 15.

She named the members of the club who had participated recently in the Columbus Garden show at Veterans Memorial. Making niche arrangements were Mrs. G. Guy Campbell, Mrs. James Moffitt, Mrs. Schubert Measamer and Mrs. Luther Bower. Mrs. Harden and Mrs. Richard Jones were responsible for the breakfast table setting at the show. Serving as hostesses Sunday afternoon were the four members who had made niche

arrangements and Mrs. Theodore Huston and Mrs. Carl Seyfarth.

Mrs. Campbell, who was chairman of the civic committee this past year, announced that the courthouse planting executed by her committee had been entered as a project in the Sears Civic Improvement contest.

On display at the meeting were arrangements made by the students of the beginner's workshop which the club sponsored. Classes were held for five consecutive weeks during January and February. Serving as instructors at different sessions were Mrs. John Eshelman, Mrs. William Deffenbaugh, Mrs. Jones, Mrs. Measamer, and Mrs. Turney Pontius. The school was planned by Mrs. Ray Carroll, who heads the workshop committee, and members of the committee.

Mrs. Harden read a letter to the governor of Ohio from Mrs. Oral Sheaf in which she vigorously opposed the use of the Mohican Memorial Forest or any part of it by any organization for private profit. Mrs. Harden urged club members to contact the state representative and acquaint him with their stand on the subject. The club voted to send \$5 to CARE for the purchase of seeds for impoverished nations.

Upcoming events are: Bird and Conservation Workshop in Dayton April 26; Pickaway County Garden Club Annual Spring Flower Show at the Grange Building April 29; Columbus Regional Meeting, Gallery of Fine Arts, Columbus, May 25; lecture by Mrs. Henry Bircher, Lake White County Club May 28; annual statewide meeting of Garden Club of Ohio, Cincinnati April 14 and 15; National Council Flower Show School, Green Meadows Inn, Worthington, April 20, 21 and 22. Mrs. Miller Dunkel headed the hospitality committee. Assisting her were Mrs. John Mast, Mrs. Harry Stoker, Mrs. Clarence McAbee, Mrs. Oscar Root and Mrs. James Scott.

Dear Abby: by Abigail Van Buren

A Sadly Mistaken Child!

DEAR ABBY: I am 16 years old and five months pregnant. The father of my baby is marrying me pretty soon, but neither of us wants the baby. We can't afford it and, besides, I don't want to stay married to this boy the rest of my life. (Just long enough to have the baby.) I am wondering if one of your readers wants a baby. If they pay my hospital bill, they can have mine.

MADE A MISTAKE

DEAR MADE: Get in touch with your Family Service Agency, or a reputable adoption agency. They conduct a thorough investigation of all applicants who wish to adopt babies in order to assure the babies of good homes. You've already made one mistake. I urge you not to make another by handing over your baby as you would a puppy or a kitten to anyone who has a few dollars.

DEAR ABBY: I am 14 and I hate school. How do I get kicked out?

SICK OF SCHOOL
DEAR SICK: School haters need advice on how to stay in not on how to get kicked out.

Stay with it. You'll recover.

DEAR ABBY: Why do all the little saved-off runts ask tall women for dates? I am a woman who is 5' 8", and it seems that all the runty men want to date me. I have gone out with men half a head shorter than myself because I didn't know how to turn them down without hurting their feelings. Don't they realize that a woman feels ridiculous walking down the street with a man who is shorter than herself? Please put this in your column, Abby, so those little squirts will pick on someone their own size.

LIKES EM TALL

DEAR LIKES: It may surprise you to learn that not all women share your point of view. A short man who asks a tall woman for a date is paying her a great compliment. He assumes that she has the intelligence to measure a man for what he is—not for how much of him there appears to be.

June Wedding Planned

MISS IRITA NAN CAVINEE

Mr. and Mrs. Kenneth Cavinnee, Laurelvillians, are announcing the engagement and approaching marriage of their daughter, Irita Nan, to Mr. Larry Neal Lauerman, son of Mr. and Mrs. Neal Lauerman, Kingston.

The bride-elect will graduate from Laurelvill High School in May. Mr. Lauerman is a 1962 graduate of Kingston-Union High School.

The open church wedding will take place 7:30 p. m. June 13 in the Laurelvill Methodist Church with the Rev. Frank A. White officiating.

Always split kidneys and remove center core and white tubes before washing.

Mrs. India Edwards, once Democratic national vice chairman, named Labor secretary's consultant on youth jobs.

Mrs. Mary Keyserling to head Women's Bureau of the Labor Department.

Rose McKee, former reporter, named Small Business Administration information director.

Mrs. Virginia Mae Brown, Pliny, N.Y., first woman Interstate Commerce Commissioner.

Mrs. Katherine Elkus White, Red Bank, N.J., ambassador.

FIVE OF THE TEN WOMEN President Johnson has named to federal posts are shown here. Others include Mrs. Norman Chandler of Los Angeles, to the Advisory Committee to U.S.I.A.; Pauline Tompkins of North Edgecomb, Me., State Department Educational Affairs Advisory Committee; Dr. Eleanor Poland, Kansas City, Mo., to be HEW research grants specialist; Mrs. Barbara Bolling, also Kansas City, State Department protocol chief's special assistant; Mrs. Herbert Stats, Washington, HEW Office of Aging consultant.

Annual WSCS District Meet Slated

The Annual meeting of the Women's Society of Christian Service of the Methodist Church in the Chillicothe District will be held Mar. 18 in the Methodist Church, Logan. Registration will be from 9:30-9:45 a. m. Nursery service will be provided.

Features of the program will be: election of officers, service of remembrance for deceased members by Miss Mary Barclay, presentation of pins by Mrs. Stanley Jeffery and Dr. Stanley Jeffery, district superintendent, will install the officers for 1964-65.

The guest speaker will be Miss Edna Mae Hutchens, Evanston, Ill., who began her work as a missionary in 1921 at Lal Bagh Higher Secondary School in Lucknow, India. She was a high school teacher in the school that was started by Miss Isabella Thoburn, the first woman missionary to be sent to India under the Women's Foreign Missionary Society.

Miss Hutchens will discuss her experiences with the women representing the 126 societies of the Chillicothe District at this meeting.

Two Birthdays Observed at Family Dinner

Mr. and Mrs. Donald Hardman, Route 1, Laurelvill, celebrated the birthdays of their son Gary, 18, and grandson, Rex Allan, 3, with a family dinner.

A birthday cake was decorated as a basketball court and basketball.

Guests present were Donna and Benny Lemaster, Jim, Connie, Rex and Kerry Hardman, Jackie Hatz, Jim Martindale, Glenn Mathews, Janice Riffel, Susan Laveck, Debra Ellen, Karen Sue and Mike Hardman.

Mr. and Mrs. Howard Hardman, Terry Anderson and Mrs. Harold Riffel visited with the group after dinner.

Unable to attend was another son, Lenny, who is in Kingsport, Tenn., for several weeks working for the Mead Corp. of Chillicothe.

Ohio River ...

(Continued from Page 1)
Elsewhere in flood-stricken areas of Ohio, the flooding had all but ended and the big headache was the same one that always follows floods—the mop-up.

The Hocking and Scioto rivers, as well as numerous smaller streams that surged from their banks earlier in the week, were falling.

Hundreds of families in the Logan, Athens, Chillicothe and Piketon areas who left their homes to escape the floodwater, were returning to survey the damage.

"It's all over here except for the mess," a deputy in the Hocking sheriff's office at Logan said. He added that all highways in the Logan area were open again.

Except for the low-lying Ohio University campus, Athens was returning to normal. The Athens County sheriff's office said only two or three inches of water remained on one street in the southern part of the community.

Water remained on both the East and West Green of the Ohio U. campus but was falling at the rate of about three inches an hour, the sheriff's office said.

Four dormitories on the campus had to be evacuated during the Hocking River flood. Some and perhaps all were expected to be re-occupied today.

At Chillicothe, the falling Scioto River was down to two feet above the 16-foot flood stage after cresting at just over 24 feet.

The Red Cross estimated 110,000 persons were affected. Many

thousands of them driven from their homes. The flood picture was one of wading evacuations, and dog-tired flood workers and refugees. Injuries were few.

Flood crests were due today at Cincinnati and Louisville where a final steel gate in the floodwall clanked into place Thursday afternoon. The wall was prepared to stand a 48-foot crest, or 1.6 feet higher than the predicted crest.

There appeared hope the worst was over. Downstream—to the west—water began edging toward riverfront buildings at Owensboro, Ky., but only a few families were expected to be routed. A floodwall protects Paducah, near where the Ohio joins the Mississippi River.

Across from Louisville, in Indiana, damage already was estimated at \$1 million at Jeffersonville and Aurora. At least 4,000 were made homeless in Indiana.

There was no official estimate of Kentucky evacuees but residents of 30 counties were affected. Southwest of Louisville, officials said about 95 per cent of one huge subdivision fled by Thursday night.

Other states affected were Ohio, Pennsylvania and West Virginia.

Army Engineers gave preliminary estimates of \$40.5 million damage along the Ohio from Cincinnati to Paducah—a high way distance of about 350 miles—and more than \$9 million from four other Kentucky rivers.

Of the deaths blamed on high water, seven were in Ohio and one each in Kentucky and Indiana.

Upstream the big cleanup work started—from pumping basements to repairing whole downtown sections.

Swollen tributaries of the Ohio and even little creeks contributed to the misery and damage. A typical scene was that at a Louisville golf course where a normal trickle of water jumped its banks and ripped out a sturdy metal fence.

More than 3,000 homes and buildings were damaged at Wheeling, West Va., as the river leveled off at 47 feet, 10 feet above flood stage. An estimated 15,000 to 18,000 persons were displaced in the region.

Western Pennsylvania struggled with mud and debris after waters receded. The river crested at 31.6 feet at Pittsburgh, where flood stage is 25 feet.

Mrs. JFK's Note for Sale

Englishman Asks Gift of \$20,000

NEW YORK (AP)—In 1955, Mrs. John F. Kennedy received a letter from a stranger in England asking her to send him \$20,000.

In a handwritten letter she replied:

"I could not possibly give you that amount of money, were you my closest friend or relative. True, my husband is well off, but taxes in this country are enormous, as they are in yours."

"And when he has paid for the household expenses and his business expenses, which are great indeed, he does give to charity, and that goes to the Kennedy Foundation for Underprivileged Children. And at the end there is not a great pile of money lying around, as you imagine."

The letter—written to Ronald C. Munro of Birmingham, England—is among 250 manuscript items to be auctioned here on March 19.

Munro had sent Mrs. Kennedy a clipping from the London Daily Express that purported to give information on the Kennedy wealth. Munro described himself as a struggling husband and father and suggested that, if it were true that the Kennedys could spend \$20,000 for an evening party, the sum could be better used by him.

Munro told a newspaper in London that he wrote Mrs. Kennedy "an ardent protest against the money the Kennedys were reported to have thrown away on a big party."

"I added the facetious remark that if they had so much money to scatter about, she could send me some and I would make better use of it," he said.

Accused Peddler Due For Hospital Exams

AKRON, Ohio (AP)—An illiterate peddler charged with the first-degree murder of 12-year-old Marion Brubaker was to be taken today to Lima State Hospital for psychiatric examinations.

Common Pleas Court Judge L. A. Lombardi Thursday ordered the peddler, William J. Lewis, 49, of Hubbard, committed to Lima for not more than 30 days.

Premeasurement Service Is Offered by ASC Office

J. Austin Dowden, office manager for the Pickaway Agricultural Stabilization and Conservation Service County Committee announced today that a new premeasurement service is being offered to producers in Pickaway County.

This service is entirely new from what the ASC has offered in the past. Some of the provisions for this "Ohio Plan" are:

1. Each producer will receive a reproduction of the photograph of his farm with the acreages listed for full fields.
2. Acreages will be given each producer and will remain for compliance purposes this year if the producer does not change the designated areas.
3. Each producer who applies for this service will be given a farm plan which will contain the planted acres for feed grain commodities, diverted acres and conserving acres.
4. Each producer is asked to bring a sketch of his farm to the office which will be used to identify the field or fields planted to feed grain commodities, diverted acres and conserving acres.
5. Compliance will be by certification of the producer.
6. The charge for his service is \$5 per farm. Field division measurements requiring a visit to the farm will be 75 cents subdivision. A charge of 75 cents per deduction is required if requested by the producer.

According to Dowden, all producers will benefit from this new premeasurement service.

The fighting will be conducted entirely on maps, but the decisions made by the commanders and the methods used in making them will be as realistic as possible without conducting the problem on actual terrain.

The 30-hour exercise—called BEAR TRAP—was designed by the Army officials to help develop the latest skills of modern warfare for National Guard and Reserve members.

Maj. Gen. Loren G. Windom, division commander, will lead more than 500 guardsmen from the 64 cities where the division has units in conducting the exercise.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather:

Under clear skies Thursday night, Ohio's temperatures dropped into the 50s and low 60s.

A low pressure system approaching from the Midwest will bring Ohio cloudy skies tonight and showers and thunderstorms Saturday.

Temperatures tonight will be considerable warmer, and Saturday again will be mild.

Southerly winds will become strong Saturday.

OHIO FIVE DAY FORECASTS

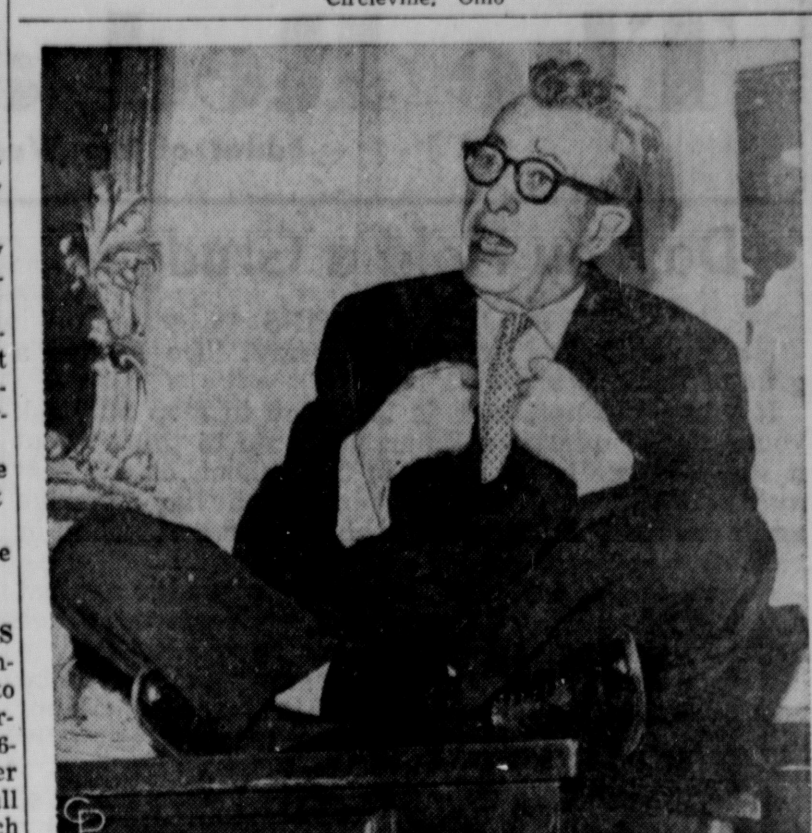

NORTHERN OHIO — Temperatures will average four to six degrees above normal. Normal high 44-45, normal low 26-30. Mild except a little cooler Sunday and Tuesday. Rainfall will average about one-half inch as showers Saturday and Tuesday.

SOUTHERN & CENTRAL OHIO—Temperatures will average four to eight degrees above normal. Normal high 49-58, normal low 30-36. Rainfall will average an inch or more, occurring Saturday, again near mid week.

Portage County Sets \$200 Drilling Permits

RAVENNA, Ohio (AP)—For each new well they drill in Portage County, gas and oil well drillers must buy a \$200 permit.

County commissioners Thursday adopted that resolution, effective immediately, after a meeting with well driller and trustees from Charlestown, Rootstown and Randolph Townships.

THE CONGRESSMAN'S FRIEND—Sen. Everett Dirksen of Illinois, minority leader, tells reporters in the Senate Press Gallery in Washington that he will lead the fight for that \$10,000-a-year pay boost for fellow lawmakers. Senators and representatives now receive \$22,500, plus fringes.

Hundreds of families in the Logan, Athens, Chillicothe and Piketon areas who left their homes to escape the floodwaters, were returning to survey the damage.

"It's all over here except for the mess," a deputy in the Hocking sheriff's office at Logan said. He added that all highways in the Logan area were open again.

Except for the low-lying Ohio University campus, Athens was returning to normal. The Athens County sheriff's office said only two or three inches of water remained on one street in the southern part of the community.

Water remained on both the East and West Green of the Ohio U. campus but was falling at the rate of about three inches an hour, the sheriff's office said.

Four dormitories on the campus had to be evacuated during the Hocking River flood. Some and perhaps all were expected to be re-occupied today.

At Chillicothe, the falling Scioto River was down to two feet above the 16-foot flood stage after cresting at just over 24 feet.

The Red Cross estimated 110,000 persons were affected. Many

thousands of them driven from their homes. The flood picture was one of wading evacuations, and dog-tired flood workers and refugees. Injuries were few.

Flood crests were due today at Cincinnati and Louisville where a final steel gate in the floodwall clanked into place Thursday afternoon. The wall was prepared to stand a 48-foot crest, or 1.6 feet higher than the predicted crest.

There appeared hope the worst was over. Downstream—to the west—water began edging toward riverfront buildings at Owensboro, Ky., but only a few families were expected to be routed. A floodwall protects Paducah, near where the Ohio joins the Mississippi River.

Across from Louisville, in Indiana, damage already was estimated at \$1 million at Jeffersonville and Aurora. At least 4,000 were made homeless in Indiana.

There was no official estimate of Kentucky evacuees but residents of 30 counties were affected. Southwest of Louisville, officials said about 95 per cent of one huge subdivision fled by Thursday night.

Other states affected were Ohio, Pennsylvania and West Virginia.

Army Engineers gave preliminary estimates of \$40.5 million damage along the Ohio from Cincinnati to Paducah—a high way distance of about 350 miles—and more than \$9 million from four other Kentucky rivers.

Of the deaths blamed on high water, seven were in Ohio and one each in Kentucky and Indiana.

Upstream the big cleanup work started—from pumping basements to repairing whole downtown sections.

Swollen tributaries of the Ohio and even little creeks contributed to the misery and damage. A typical scene was that at a Louisville golf course where a normal trickle of water jumped its banks and ripped out a sturdy metal fence.

More than 3,000 homes and buildings were damaged at Wheeling, West Va., as the river leveled off at 47 feet, 10 feet above flood stage. An estimated 15,000 to 18,000 persons were displaced in the region.

Western Pennsylvania struggled with mud and debris after waters receded. The river crested at 31.6 feet at Pittsburgh, where flood stage is 25 feet.

Mrs. JFK's Note for Sale

Englishman Asks Gift of \$20,000

NEW YORK (AP)—In 1955, Mrs. John F. Kennedy received a letter from a stranger in England asking her to send him \$20,000.

In a handwritten letter she replied:

"I could not possibly give you that amount of money, were you my closest friend or relative. True, my husband is well off, but taxes in this country are enormous, as they are in yours."

"And when he has paid for the household expenses and his business expenses, which are great indeed, he does give to charity, and that goes to the Kennedy Foundation for Underprivileged Children. And at the end there is not a great pile of money lying around, as you imagine."

The letter—written to Ronald C. Munro of Birmingham, England—is among 250 manuscript items to be auctioned here on March 19.

Munro had sent Mrs. Kennedy a clipping from the London Daily Express that purported to give information on the Kennedy wealth. Munro described himself as a struggling husband and father and suggested that, if it were true that the Kennedys could spend \$20,000 for an evening party, the sum could be better used by him.

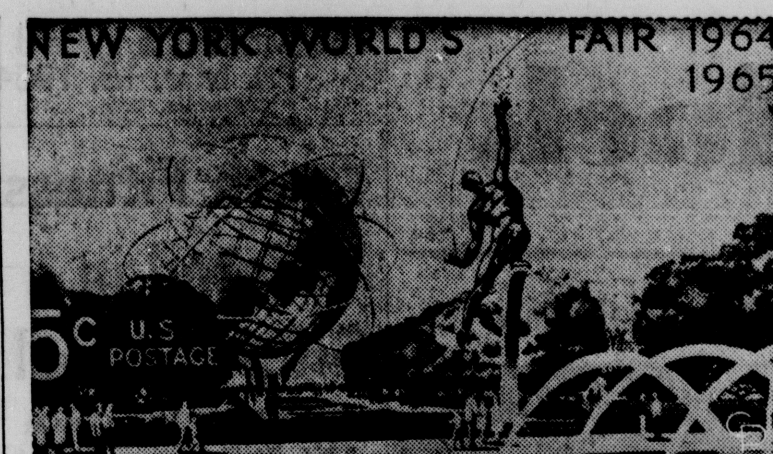

Munro told a newspaper in London that he wrote Mrs. Kennedy "an ardent protest against the money the Kennedys were reported to have thrown away on a big party."

"I added the facetious remark that if they had so much money to scatter about, she could send me some and I would make better use of it," he said.

Accused Peddler Due For Hospital Exams

AKRON, Ohio (AP)—An illiterate peddler charged with the first-degree murder of 12-year-old Marion Brubaker was to be taken today to Lima State Hospital for psychiatric examinations.

Common Pleas Court Judge L. A. Lombardi Thursday ordered the peddler, William J. Lewis, 49, of Hubbard, committed to Lima for not more than 30 days.

Premeasurement Service Is Offered by ASC Office

J. Austin Dowden, office manager for the Pickaway Agricultural Stabilization and Conservation County Committee announced today that a new premeasurement service is being offered to producers in Pickaway County.

This service is entirely new from what the ASC has offered in the past. Some of the provisions for this "Ohio Plan" are:

1. Each producer will receive a reproduction of the photograph of his farm with the acreages listed for full fields.
2. Acreages will be given each producer and will remain for compliance purposes this year if the producer does not change the designated areas.
3. Each producer who applies for this service will be given a farm plan which will contain the planted acres for feed grain commodities, diverted acres and conserving acres.
4. Each producer is asked to bring a sketch of his farm to the office which will be used to identify the field or fields planted to feed grain commodities, diverted acres and conserving acres.
5. Compliance will be by certification of the producer.
6. The charge for his service is \$5 per farm. Field division measurements requiring a visit to the farm will be 75 cents subdivision. A charge of 75 cents per deduction is required if requested by the producer.

According to Dowden, all producers will benefit from this new premeasurement service.

The fighting will be conducted entirely on maps, but the decisions made by the commanders and the methods used in making them will be as realistic as possible without conducting the problem on actual terrain.

The 30-hour exercise—called BEAR TRAP—was designed by the Army officials to help develop the latest skills of modern warfare for National Guard and Reserve members.

Do You Hold a Grudge?

By JILL JENKINS

Have you asked yourself recently, "Do I have a grudge against anyone?"

If you have not, now is the time to stop and ask yourself the question. When you stop to think about it there is really no place in the school, or for that matter in life, for grudges. Everyone has had a grudge against someone, whether it be his teacher, friend or parents.

For example, a student may have a grudge against a teacher because of a grade he has received. Since he holds this against the teacher he won't listen in class; he won't do as the teacher says; and maybe he won't even do his homework in this class. By holding this grudge he is not hurting the teacher, but only himself.

Also, if you have a grudge against your parents, it isn't going to help by not speaking to them, or by going around slamming doors and kicking things around. It really makes it worse.

By just taking these two little examples it should make you stop and think that holding grudges isn't hurting the other person — it only hurts you, whether you know it, or not. So stop and think the next time you get mad at a person!

Wood Shop Is Only One Phase of Industrial Ed

COMPONENT CABINET — Glenn Easterday is seen here putting the finishing touches on a woodworking project. When completed, Easterday will have made a beautiful cabinet that will house all components of a stereo system including tape deck and radio tuners.

By STEVE BRUDZINSKI
Wood working is one phase of industrial education that is be-

ing offered at the local high school.

Students are told that anything that is made of wood can be made in the wood shop. It may take them a little longer, but it can be done. Each year students take home many pieces of furniture which they have made from raw materials in the shop; such as cedar chests, hi fi cabinets, picnic tables, boats, beds, record cabinets, gun cabinets and book cases.

We do not expect all the students that take wood working to become carpenters or cabinet makers. They do acquire the basic knowledge of many hand tools and the know-how of operating modern woodworking machines. They can apply these skills to a future hobby or become a handy man around the house, Mr. Brudzinski said.

Woodworking is more than working with hand tools and woodworking machines. One must know how lumber is made into plywood, sources of lumber, how wood projects are designed and produced and so forth.

It teaches the student how to design, plan and carry through a project; the advantages and disadvantages that wood has over other building materials, and machines; how to order lumber, plywood, finishing materials and hardware; and how to select good furniture.

Beginning Woods is a course offered to students in the 10th and 11th grades. Advanced Woods is offered after a student has successfully completed the first year. Classes meet for two periods daily.

Youth Fitness Initiated in Grade School

By PAUL STARR, COACH

This year Circleville City elementary schools have incorporated the basic physical fitness program adopted by the President's Council on Youth Fitness.

The basic concepts of the program provide a minimum of 15 minutes of vigorous exercise every day for every pupil. It develops an available health appraisal. It identifies the physically undeveloped pupil and works to improve his physical capacity. And last, but not least, it provides comprehensive testing to determine progress and to provide motivation.

It has been proven statistically that the young people in the United States rate far behind other countries physically. For instance — 60 per cent of American children failed miserably on one test given on muscular flexibility and strength. In other words — despite our unparalleled standard of living, despite our good food and our many playgrounds, despite our emphasis on school athletics — the majority of our young people are physical weaklings.

Where better to start this program than on the elementary level? Moral fitness, mental fitness, social fitness and full intellectual growth are essential in the broad base of education — but in physical fitness lies the foundation. This is the key to dynamic enthusiasm for life which most assuredly has a profound influence on the students' intellectual activity, his grades and his general outlook on life.

The Senior G. A. A. of Circleville High School voted in four new members at a meeting last week. The new girls are Sue Carter, Mary Jacobs, Joy Smith, and Pam Sweeney. A topic of discussion at the meeting was the possibility of a planned activity for the entire club. This will be voted on at a later date.

New members in the Jr. G.A.A. this semester are Brenda Downing and Joyce Valentine.

The Stooze Club took in five new members this semester. They are Jim Archer, Bill Brock, John Funk, Terry Lewis and Jim Wood.

The Key Club, with 43 members, decided not to take in new members at the semester. There are only 12 seniors in the club. The rest are juniors and sophomores.

Three new members joining Sr. S.O.S. this semester are Tamra Halstenberg, Carol Fletcher, and Susan Reichelderfer.

Two new members, Dick Butts and Chester Hill have been inducted into H-Y this semester. During March club members hope to visit the YMCA in Lancaster, Ohio. A car wash is scheduled for April. Members are also planning a combined G.A.A. - Hi-Y basketball to raise money for the polio fund. The final social event of the year is a banquet in May. Officers of H-Y are: president, Howard Fletcher; vice - president, John Wardell; secretary, Brad Schneider; and treasurer Larry Lane.

The Sophomore Service Over Self Club held its midyear initiation in conjunction with the Freshmen Service Over Self Club on Thursday, March 5th. All new members received corsages. Refreshments were served.

The Science Club met Tuesday, March 3, in room 101 at 7:30. The meeting consisted of a short business meeting and a time for working on the Nuclei Science Fair display. This time was spent in room 211, where the entire club worked on making letters for the title of the project. The meeting was then adjourned.

SENIOR WRESTLERS — Here are five of the senior wrestlers being saluted this week by The Red and Black. They are, left to right, Howard Fletcher, Charles Hurley, Jon Pharr, Junior Tootle and Tom McDonald.

Salute to Senior Wrestlers

By ANTOINETTE WOJCIAK

Howard Fletcher, son of Mrs. Charles Fletcher, 219 Pearl St., wrestled in the heavy weight division. This is his second year as a letterman. Howard also participates in football and track. He is President of the Hi-Y Club. After graduation, Howard plans to attend a business college.

Duke Fyffe, son of Mr. and Mrs. Dessel Fyffe, 405 Ruth Avenue, wrestled in the 175 lb. class. Duke, a two year letterman, was a fullback on the football team. He is a member of the Stooze Club, E.M.S., and N.H.S. After graduation, Duke plans to attend college.

Charles Hurley, son of Mr. and Mrs. Austin C. Hurley, 221 N. Washington St., wrestled in the 112 lb. class. This is his first year as a letterman. Charlie also participated in cross-country. After graduation, he would like to go to college and possibly become a teacher.

Tom McDonald, son of Mr.

and Mrs. D. E. McDonald, Route 3, wrestled in the 133 lb. class. Tom, a second year letterman, is secretary of the Stooze Club. He, also, participates in track. After graduation Tom plans to attend Ohio State.

Jon Pharr, son of Mrs. T. A. Pharr, 480 Stella Avenue, was a 165 lb. wrestler. Jon, a first year letterman, played football, and is a member of the Stooze Club. After graduation he plans to go to college.

Fred Rickey, son of Dr. and Mrs. William A. Rickey, 822 N. Court St., wrestled in the 145 lb. class. Fred, a first year letterman, is active in the Key Club and Curtian Callers. After graduation he plans to attend Ohio University.

Junior Tootle, son of Mr. Eugene Tootle, Route 2, is a 127 lb. wrestler. Junior, a two year letterman, also plays football and baseball. After graduation he plans to attend college.

Seniors of the Week

By JANE ABBOTT

Pam Speakman, daughter of Mr. and Mrs. George D. Speakman, 954 Circle Dr., has been selected by the journalism class as one of the seniors of the week.

PAM SPEAKMAN

Pam is active in many activities at CHS. She is recording secretary of Sr. S.O.S. and a member of the Curtian Callers. Drama is one of Pam's main interests. She has already appeared in the One Act Plays presented by the Drama Club and is now busy with her role

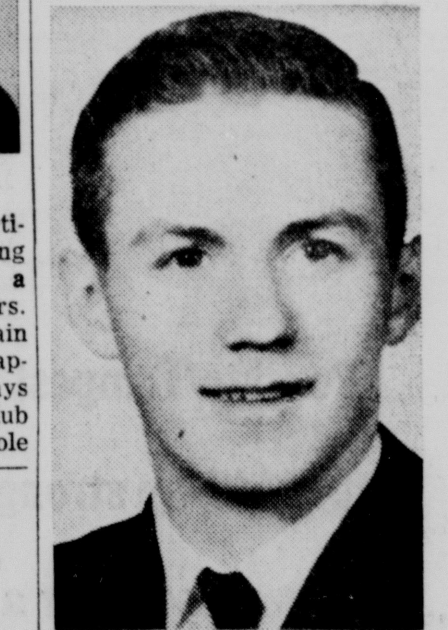

in the Senior Class Play. Recently she was chosen Queen of the annual Sweetheart Dance. Pam's hobbies include playing the guitar, swimming, reading, and drama. She is also a member of 4-H and the Deb Shop Teen Board.

After graduation Pam plans to attend Ohio State University.

By CAROLYN CHAFFIN

Senior boy of the week is David A. Greene, son of Mr. and Mrs. Clifford R. Greene, 1077 Mulberry Road.

David is Senior Class President and a member of the Stooze Club. Earlier this year he was honored as a Junior ROTarian. Last year David served as Projects chairman of the Junior Class.

DAVID GREENE

Sports is David's favorite past - time and he has proved this by lettering in cross - country and baseball, in which he made all S.C.O.L. last year. He also played on the Tigers basketball team three years.

Outside of school David is the treasurer of the Pickaway County Youth Canteen. He and his family attend the Church of the Brethren.

David plans to attend Ohio State University after graduation.

Curtain Callers Hold Meeting

By DAVE THOMAS

Last Monday evening, at their bi-weekly meeting, the Curtain Callers enjoyed three short humorous skits and one musical presentation.

The program cast was made up of several CHS students. Branson Hawkes, Richard Thomas and Mike Young. Directed by Dave Thomas, the boys portrayed Lord Bobo Hobo and Sir T. Von Plotz, two wrestlers, an electric shaver salesman, and finally a boy saying good-bye to his sweetheart to the music of "Good-bye", My Coney Island Baby".

This year, for the first time there will be intramural tennis at Ted Lewis Park. Boys and girls interested may sign up with Mrs. Perone and Mr. La Bounty.

AWARD WINNER — Carolyn Jolly is CHS's 1964 Betty Crocker Homemaker of Tomorrow. She received the distinction and honors as the result of her high score on a written test concerning home-making given in December. As local winner, she will be eligible for state competition.

Howard Fletcher, son of Mrs. Charles Fletcher, 219 Pearl St., wrestled in the heavy weight division. This is his second year as a letterman. Howard also participates in football and track. He is President of the Hi-Y Club. After graduation, Howard plans to attend a business college.

Duke Fyffe, son of Mr. and Mrs. Dessel Fyffe, 405 Ruth Avenue, wrestled in the 175 lb. class. Duke, a two year letterman, was a fullback on the football team. He is a member of the Stooze Club, E.M.S., and N.H.S. After graduation, Duke plans to attend college.

Charles Hurley, son of Mr. and Mrs. Austin C. Hurley, 221 N. Washington St., wrestled in the 112 lb. class. This is his first year as a letterman. Charles also participated in cross-country. After graduation, he would like to go to college and possibly become a teacher. Tom McDonald, son of Mr.

and Mrs. D. E. McDonald, Route 3, wrestled in the 133 lb. class. Tom, a second year letterman, is secretary of the Stooze Club. He, also, participates in track. After graduation Tom plans to attend Ohio State.

Jon Pharr, son of Mrs. T. A. Pharr, 480 Stella Avenue, was a 165 lb. wrestler. Jon, a first year letterman, played football, and is a member of the Stooze Club. After graduation he plans to go to college.

Fred Rickey, son of Dr. and Mrs. William A. Rickey, 822 N. Court St., wrestled in the 145 lb. class. Fred, a first year letterman, is active in the Key Club and Curtin Callers. After graduation he plans to attend Ohio University.

Junior Tootle, son of Mr. Eugene Tootle, Route 2, is a 127 lb. wrestler. Junior, a two year letterman, also plays football and baseball. After graduation he plans to attend college.

Seniors of the Week

By JANE ABBOTT

Pam Speakman, daughter of Mr. and Mrs. George D. Speakman, 954 Circle Dr., has been selected by the journalism class as one of the seniors of the week.

PAM SPEAKMAN

Pam is active in many activities at CHS. She is recording secretary of Sr. S.O.S. and a member of the Curtin Callers. Drama is one of Pam's main interests. She has already appeared in the One Act Plays presented by the Drama Club and is now busy with her role

in the Senior Class Play. Recently she was chosen Queen of the annual Sweetheart Dance.

Pam's hobbies include playing the guitar, swimming, reading, and drama. She is also a member of 4-H and the Deb Shop Teen Board.

After graduation Pam plans to attend Ohio State University.

By CAROLYN CHAFFIN

Senior boy of the week is David A. Greene, son of Mr. and Mrs. Clifford R. Greene, 1077 Mulberry Road.

David is Senior Class President and a member of the Stooze Club. Earlier this year he was honored as a Junior Rotarian. Last year David served as Projects chairman of the Junior Class.

DAVID GREENE

Sports is David's favorite past-time and he has proved this by lettering in cross-country and baseball, in which he made all S.C.O.L. last year. He also played on the Tigers basketball team three years.

Outside of school David is the treasurer of the Pickaway County Youth Canteen. He and his family attend the Church of the Brethren.

David plans to attend Ohio State University after graduation.

Curtain Callers Hold Meeting

By DAVE THOMAS

Last Monday evening, at their bi-weekly meeting, the Curtain Callers enjoyed three short humorous skits and one musical presentation.

The program cast was made up of several CHS students, Branson Hawkes, Richard Thomas and Mike Young. Directed by Dave Thomas, the boys portrayed Lord Bobo Hobo and Sir T. Von Plotz, two wrestlers, an electric shaver salesman, and finally a boy saying good-bye to his sweetheart to the music of "Good-bye", My Coney Island Baby".

This year, for the first time there will be intramural tennis at Ted Lewis Park. Boys and girls interested may sign up with Mrs. Perone and Mr. La Bounty.

AWARD WINNER — Carolyn Jolly is CHS's 1964 Betty Crocker Homemaker of Tomorrow. She received the distinction and honors as the result of her high score on a written test concerning home-making given in December. As local winner, she will be eligible for state competition.

Sociology Class Asked 'What Is a Student?'

By ANITA HENDRICKSON
and PAT QUINCEL

Sociology class was asked to give the definition of a student. The following are some of the answers that the staff felt were worth publishing:

Pat Andrews — "A student is made up of many things. He is rightfully considered a body for learning. But to his parents, a student means a stack of books and clothes carelessly strewn over his room to his friends, a faithful listener to WCOL and the coolest drag in his side of town; to a teacher, a student means responsibility and a forty-five minute headache each time a bell rings to change classes. But to a student a student is really the greatest person ever."

Marty Conrad — "A student is a person — a person who sits during history class counting down the minutes until class is over. Students are people who try to 'sneak' eating candy or chewing gum in study hall without getting caught, trying to throw paper wads, make noises like cats and cows with their mouths, always passing notes, talking and anything else they can think to do."

A student is, also, a person who can work for what he wants most out of life. He can work for the goals he wants out of life. The worthwhile student works for the future. He thinks of studies that will help him in his future plans. For college or what ever the case may be. A student tries the best he can at everything he does.

He puts the best of his ability into his work. Which student are you?"

Pat Flanders — "A student is a person, who wants an education, so he can have an occupation to his own liking. Many students go to school just because they have to, but a person should think it is a privilege, not a chore. Many people in other parts of the world do not get to have much education, but people of the United States can get as much education as they want."

I, also, think of a student as a young adult with wants, such as happiness, love, a family, sadness, and freedom. Many people think of students as just "ju-

venile delinquents", but they are human beings just like everyone else, and they have a goal in life just like everyone has."

Tom Smith — "A student is a person who is in the process of learning. It makes little difference if the person is going to school or not. If the student is an old lady learning more about flowers, she is a student to the person or book that is teaching her. A student may include a grade school student, high school student, college student and the little old lady student I mentioned previously."

Eddie Smith — "A student is a person who attends school because he has to, but there are exceptions like the ones who go because they want to. He is also the person who mixes work and pleasure and sometimes finds himself in the office. Students are people who like fun and can have fun in school, if it is not carried too far. Sports such as football are offered to the boys who like to go out and knock each other's heads in. Sports, also, make the student work to get good grades and stay on the team. When athletes get kicked off because of grades, they get mad at the coach and then carry a chip on their shoulders. A student is the person, who after graduation wishes he had it to do all over again."

Pam Hancher — "A student is anyone who is going to school. He can range from six years on up to whenever he has completed his education."

There are many different kinds of students. There is the one who wants to learn and really strives for all he can get; the one who tries, but not to any degree; the one who just glides by and doesn't do much at all. And there is still another, the goof off. I think there are more in this group than in the others. A student should be a self-disciplined person. He should strive to get all the education he can get while he is a student. He should not be a goof off trying to get attention, because he will be the sorry one in his later life. Cambodia Relations Hit Snag

SAIGON, Viet Nam (AP) — Efforts to patch the growing rift between Cambodia and the Western world have hit one disastrous snag after another. There seems little hope that the latest crisis can be overcome.

Prince Norodom Sihanouk, the erratic ruler of Cambodia, has sent official apologies for the sacking of the American and British embassies in Phnom Penh Wednesday. But he added that he sympathized

with the crowds for their "anger with the imperialists."

Reports from Phnom Penh showed the riot was well planned.

The reasons for calling the riot are not clear.

Perhaps Sihanouk meant it to coincide with U.S. Defense Secretary Robert S. McNamara's trip to Saigon. Perhaps it was to protest several recent incidents in which South Vietnamese troops fought Viet Cong guerrillas on the Cambodian frontier. Reliable sources in Saigon have reported that Vietnamese air force planes chased a Viet Cong unit across the

border last week, heavily strafing the guerrillas.

Cambodia is the geographic keystone of the Indochina peninsula, a supply route from North Viet Nam and Laos to the Communist guerrillas in South Viet Nam, a potential corridor for similar infiltration into Thailand. If Sihanouk invited Communist Chinese forces in, they would split the peninsula down the middle.

Because of this, American policy has aimed at keeping Cambodia neutral.

Little doubt remains that the rich little country can no longer be classified as neutralist.

Sihanouk has said repeatedly he thinks American influence in Asia is waning rapidly and is doomed to defeat. Communist China represents the "wave of the future," he says.

The Communist bloc denounced Ngo Dinh Diem, the late president of South Viet Nam as the "lackey of the imperialist Americans." Sihanouk called Diem "a dictator who will not be satisfied until he has gobbled up Cambodia."

A few days after Diem was killed, Sihanouk announced that he was through with American economic and military aid.

Sihanouk repeatedly challenged Washington to break relations, but the United States refused to take the bait.

Ohio Hereford Assn. Names 1964 Officers

The Ohio Hereford Assn. held their annual dinner meeting Mar. 6 at London.

Six directors were re-elected for three year terms. They are: Alfred Hulme, Piqua; Richard Cottrill, Washington, C. H.; Richard Luebbers, Grove City; Harold Hinrichs, Woodville; Herb Thompson, East Liverpool; Dwight Winter, Nevada. Dr. B. V. Scheib, Maumee, was elected to fill the unexpired term of the resigning Doug Davis.

Officers elected for 1964 are: Howard Poe, Van Buren, president; Harold Hinrichs, Woodville, vice president; Justin Flowers, forest, secretary-treasurer.

Among the buyers at the annual consignment sale the following day were Dr. R. S. Hosler, Ashville; Boyd Hines, Circleville and Fred Corcoran, Williamsport.

Poratge Farms, Woodville topped the sale with a July 1963 calf that went to Dawson and Cottrill Herefords, Washington C. H. for \$1,100. The top selling female was a June 1963 calf owned by Rutledge Farms of New Philadelphia. She commanded \$925 from Grandview Farms, Springfield. The 53 head consigned averaged \$365.

Kazan Likes Repertory, But Will Still Do Films

NEW YORK (AP)—Elia Kazan's office is a paneled cave a few steps off and four flights up from Times Square.

You get the feeling that his roots are deep in the asphalt of Broadway. Indeed he has dedicated much of his future to the fortunes of Lincoln Center, a revolutionary attempt to establish a true repertory theater amid the commercialism of the New York stage.

Yet he has insisted that his activities for Lincoln Center must not preclude his making of films.

"That is one of the things I made sure," he said. "Films are the most important thing in my life, especially now that I have started making movies about my family. If the stage interfered, I would give up the stage."

The reason for his resolution is the film trilogy he has undertaken. The first feature, "America America," tells of his uncle's struggles to emigrate from Turkey to the United States. The second will show his uncle 10 years later and the third at the end of his life.

Kazan was disturbed but not discouraged because business of "America America" has not been exceptional despite gener-

ally excellent reviews and four Academy nominations. It was named for best picture, best direction, writing by Kazan and art direction.

"I'm disappointed, and certainly Warner Brothers is," he said. "They have given it the best of treatment, but maybe it just isn't a picture for general release. Maybe, like some other of my pictures, it should get art-house treatment."

"The title 'America America' seems to be a problem. It doesn't seem to convey anything to the public. I understand it will be changed abroad; in England they would think it was an American propaganda picture."

Kazan said he would go ahead with the writing of the next two films regardless of the first one's reception. He hasn't changed his plan — "though Warners may have second thoughts."

The director plans a rest before he embarks on any more work. He has directed two plays for Lincoln Center this season—the controversial "After the Fall" by Arthur Miller and S. N. Behrman's "But for Whom Charlie," which opened Thursday night. During this time he suffered the death of his wife.

There is a new member in Circleville's freshmen class. William Cassidy of Teays Valley has just joined us.

Did you know that Mr. Steve Brudzinski, an industrial arts teacher, does quite a bit of basketball refereeing in the Columbus area?

Track season is scheduled to begin Thursday, March 20 with a meet at Lancaster. Baseball season will begin April 1 at home with Chillicothe.

Did you know that Mr. Richard Fisher, a guidance counselor, made the mid-eight All League Team as a high school fullback, and that he won three letters playing football at Capital University?

Mr. Higgins asked this question in one of his world history classes, "What is Gainesboro's most famous painting?" One bright student replied, "Little Boy Blue".

Intramural volleyball is scheduled to start March 16 after school.

Congratulations to John Thomas for being named to the S.C.O.L. second team.

Congratulations to Duke Fyffe for being named the S.C.O.L. scholar-athlete of the year in football.

Chevrolet Impala Convertible

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from when you're driving a '64 Chevrolet. With engines up to a 425-hp V8*, getting from one side to the other wouldn't be much easier if somebody had put a tunnel there.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course. We put a big coil spring at all four wheels (not to mention 700 or so sound and shock absorbers throughout the body and chassis) to soak them up as fast as they come.

As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big beautiful Body

by Fisher, too. All kinds of stretch-out room and wide thick-cushioned seats that let you get in a full day's driving without fatigue. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery that make you feel good just being there.

With all its looks and luxury, you can see how anyone might get the idea that this great highway performer is a high-priced car. Unless, of course, they happened to look first at its reasonable Chevrolet price.

And your Chevrolet dealer will be happy to show you that, wherever you drive, the price is probably what you'll feel least of all.

border last week, heavily strafing the guerrillas.

Cambodia is the geographic keystone of the Indochina peninsula, a supply route from North Viet Nam and Laos to the Communist guerrillas in South Viet Nam, a potential corridor for similar infiltration into Thailand. If Sihanouk invited Communist Chinese forces in, they would split the peninsula down the middle.

Because of this, American policy has aimed at keeping Cambodia neutral.

Little doubt remains that the rich little country can no longer be classified as neutralist.

Sihanouk has said repeatedly he thinks American influence in Asia is waning rapidly and is doomed to defeat. Communist China represents the "wave of the future," he says.

The Communist bloc denounced Ngo Dinh Diem, the late president of South Viet Nam as the "lackey of the imperialist Americans." Sihanouk called Diem "a dictator who will not be satisfied until he has gobbled up Cambodia."

A few days after Diem was killed, Sihanouk announced that he was through with American economic and military aid.

Sihanouk repeatedly challenged Washington to break relations, but the United States refused to take the bait.

Kazan Likes Repertory, But Will Still Do Films

NEW YORK (AP)—Elia Kazan's office is a paneled cave a few steps off and four flights up from Times Square.

You get the feeling that his roots are deep in the asphalt of Broadway. Indeed he has dedicated much of his future to the fortunes of Lincoln Center, a revolutionary attempt to establish a true repertory theater amid the commercialism of the New York stage.

Yet he has insisted that his activities for Lincoln Center must not preclude his making of films.

"That is one of the things I made sure," he said. "Films are the most important thing in my life, especially now that I have started making movies about my family. If the stage interfered, I would give up the stage."

The reason for his resolution is the film trilogy he has undertaken. The first feature, "America America," tells of his uncle's struggles to emigrate from Turkey to the United States. The second will show his uncle 10 years later and the third at the end of his life.

Kazan was disturbed but not discouraged because business of "America America" has not been exceptional despite gener-

ally excellent reviews and four Academy nominations. It was named for best picture, best direction, writing by Kazan and art direction.

"I'm disappointed, and certainly Warner Brothers is," he said. "They have given it the best of treatment, but maybe it just isn't a picture for general release. Maybe, like some other of my pictures, it should get art-house treatment."

"The title 'America America' seems to be a problem. It doesn't seem to convey anything to the public. I understand it will be changed abroad; in England they would think it was an American propaganda picture."

Kazan said he would go ahead with the writing of the next two films regardless of the first one's reception. He hasn't changed his plan — "though Warners may have second thoughts."

The director plans a rest before he embarks on any more work. He has directed two plays for Lincoln Center this season—the controversial "After the Fall" by Arthur Miller and S. N. Behrman's "But for Whom Charlie," which opened Thursday night. During this time he suffered the death of his wife.

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Chevrolet Impala Convertible

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from when you're driving a '64 Chevrolet. With engines up to a 425-hp V8*, getting from one side to the other wouldn't be much easier if somebody had put a tunnel there.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course. We put a big coil spring at all four wheels (not to mention 700 or so sound and shock absorbers throughout the body and chassis) to soak them up as fast as they come.

As you'd expect, Chevrolet turns in its usual fine performance with everything inside that big beautiful Body

by Fisher, too. All kinds of stretch-out room and wide thick-cushioned seats that let you get in a full day's driving without fatigue. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery that make you feel good just being there.

With all its looks and luxury, you can see how anyone might get the idea that this great highway performer is a high-priced car. Unless, of course, they happened to look first at its reasonable Chevrolet price.

And your Chevrolet dealer will be happy to show you that, wherever you drive, the price is probably what you'll feel least of all.

Order of Nuns Ponders Modernization of Dress

LOUISVILLE, Ky. (AP)—Changing old habits is always difficult, but that's what the Sisters of Mercy religious order is discussing.

One feature at a Chicago fashion show early this year was a short-skirted habit, proposed for the nuns of the Roman Catholic order.

In addition to shortening the skirt, the new habit simplified the veil and sported the crest of the order on the jacket.

It is unlikely that such a radical alteration will be adopted immediately, said Sister Mary Joachim, principal of the Academy of our Lady of Mercy.

How do the sisters feel about the shorter skirts?

"We all love our habits, but we're all women," she said.

Pope Pius XII suggested several years ago that nuns might modernize their apparel to fit in better with the contemporary world.

"The world is supposed to see Christ in us," said Sister Mary Joachim, and noted that Jesus didn't dress differently from the people of his time.

She said most opposition to the short-skirt proposal came from the teen-age students. "They are used to seeing us as we are."

One order of nuns, the Sisters of the Divine Spirit, based at Mount Pocono, Pa., already wears short skirts. Their outfit is gray, not black, and has no veil, only a small cap.

But Sister Mary Joachim's prediction for her order was, "There will always be a veil."

The opponents of short skirts, she said, feel that such apparel

is not as religious and dislike the sheer stockings worn with normal length skirts. More conventional shoes would also be required.

Those for the proposal argue that short skirts would stay cleaner.

"And some of them like them because they're attractive," said Sister Mary Joachim.

TWO CONTRASTING EPISODES DURING CHRIST'S LAST HOURS AMONG MEN

Scripture—Matthew 27:11-26; John 18:1-17, 34, 35; 18:28-19:22.

By R. H. RAMSEY

THE DISCOURSES and prayer, beginning with John 13, contain the most profound, intimate, lofty and inexhaustible truths ever expressed by Christ. Because they were spoken only in the Upper Room, or nearby, we can assume they were intended for the disciples. They have come down to us, however, through the Gospel of John, one-third of which is devoted to a vivid and minute detailing of Christ's last twenty-four hours among men.

In the opening verses of chapter 13, the disciple reveals something of the omniscience of Christ. His knowledge of the past and the future shows clearly that His will and thinking is one with God. Now, the One who shares omnipotence with the Father, performs an act which makes this divine majesty the lowliest of servants. He rises from the table where supper has already been served, lays aside His robe and washes the feet of the disciples, literally performing a slave's task.

Why? On the way to the Upper Room, the disciples had again been quarreling over which held the greatest place in

ance of Annas, the aged High Priest of the Temple and Caiaphas, his son-in-law.

In his first interview with Jesus' accusers, Pilate asks the nature of the charges against Him. The Jews avoid a direct answer, saying if Christ were not an evil-doer, He would not be before Pilate. Recognizing the flippancy of the answer, Pilate tells the accusers to take Jesus and judge Him according to their own laws. The Jews answer that they have no right to put a man to death. (This power had been taken from the Jews some twenty years previously when Judea became a Roman province.)

Now Pilate turns from questioning the Jews to interrogating Christ, asking Him if He is the King of the Jews. Without directly replying to Pilate, Jesus bares the basic antagonism of the people and rulers to Himself. He affirms His kingship, and at the same time, explains how He is a king. Truth is His realm and in this, everyone who has a connection with truth recognizes His kingship.

Realizing Jesus is no political intriguer, Pilate holds a second interview with His accusers, at-

Christ's kingdom. And for one to wash the feet of the others was to declare himself the servant of them all.

So, Jesus waited to see what they would do. When it became apparent that they would do nothing, Jesus, Himself, performed the lowly office the disciples were too proud to discharge.

Instead of chastising them for their pride and stubbornness, Jesus forgives them, laying down a great fundamental law for all of life: as He has set the example, so should they all follow. Then He adds one of the greatest statements concerning Christian conduct found anywhere in the Gospels (John 13:34, 35): "even as I have loved you, that ye also love one another."

The second half of today's lesson deals with the trial of Jesus before Pilate. Pontius Pilate was a Roman citizen who had been appointed procurator of Judea by Tiberius, Emperor of the Romans. From the start of his administration he had incurred the wrath and hatred of the Jews. But, though they opposed him, he was able to rule, thanks to the conniv-

Tax Equalizer Ruling Rapped

Cuyahoga Official Refused to Comply

CLEVELAND (AP)—Cuyahoga County Auditor Ralph J. Perk says he will appeal to the U.S. Supreme Court an order for him to equalize real estate tax assessments between residential and commercial property.

He referred to an order from the Ohio Board of Tax Appeals which resulted from a recent decision by the Ohio Supreme Court.

The order, which said there must be equalization between classes of property instead of just equality within each property class, brought from Perk a charge that this would raise the homeowner's taxes.

"I will never stand for such a silly approach to taxation," he said. "I will fight this with every legal means available."

Perk added he would go to Columbus next week and ask Gov. James A. Rhodes to call the General Assembly into session in an attempt to change Ohio's tax laws.

The mandate resulted from a suit by the Park Investment Co. of Cleveland in a dispute over taxes on land holdings. The action said that residential property in Cuyahoga County was assessed at 36 per cent of so-called true value, while commercial property carried a 49.5 per cent assessment.

Tax Appeals Board Chairman Merrill D. Brothers, Columbus Democrat, and Vice Chairman Robert E. Zellar, Zanesville Republican, signed the order. Member Edwin F. Sawicki of Cleveland, a Democrat, said in a dissenting statement that the order does not go far enough.

Brothers said Cuyahoga is one of 14 Ohio counties currently reassessing all their real property. Counties are required by law to reappraise real property every six years.

Auditor Perk frequently was quoted as saying he would "go to jail" before raising residential property taxes while lowering property taxes for commercial operators.

DELAWARE, Ohio (AP)—A 10-year-old boy apparently took his own life Thursday night after his father reprimanded him. Delaware County deputy William Lavelly reported. Earl Fetheroff found the body of his son, Kenneth, hanging by a belt from a hook latch on his bedroom door, Lavelly said.

Fetheroff was quoted as saying he reprimanded his son earlier for coming home twice in the past few days with his clothes wet from playing in water.

The World Today

By James Marlow

WASHINGTON (AP)—The Supreme Court balanced the books a bit this week when it gave newspapers more freedom than at any time in history in criticizing government officials' official conduct.

The court, in doing so, was catching up with a principle laid down 56 years ago by a judge in Kansas.

The nine justices, in their unanimous opinion, didn't give newspapers an absolute immunity against libel suits for damages by criticized officials. But they came close.

A citizen or newspaper won't have to prove the total truth of a criticism. The court made allowance for error in fact or opinion, even though an official is defamed.

Now a newspaper doesn't have to fear a damage suit unless the criticism can be proved to have come from actual malice.

But public officials—thanks to an earlier Supreme Court decision—already had that much immunity against damages suits when they acted officially.

Justice William J. Brennan, who wrote this latest opinion, argued critics of government should have the greatest freedom possible except for provable malice, and he said:

"Such a privilege for criticism of official conduct is appropriately analogous to the protection accorded a public official when he is sued for libel by a private citizen."

He recalled that earlier opinion of the Supreme Court which said the statements of a federal official are "absolutely privileged if made 'within the outer perimeter' of his duties." Brennan added:

"The states accord the same

immunity to statements of their highest officers, although some differentiate their lesser officials and qualify the privilege they enjoy."

"But all hold that all officials are protected unless actual malice can be proved."

"The reason for the official privilege is said to be that the threat of damage suits would otherwise 'inhibit the fearless, vigorous and effective administration of government' and 'dampen the ardor of all but the most resolute, or the most irresponsible, in the unflinching discharge of their duties.'"

Brennan added: "Analogous considerations support the privilege for the citizen-critic of government. It is as much his duty to criticize as it is the official's duty to administer."

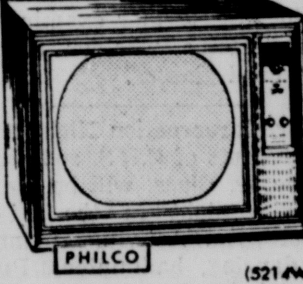

The basis of the court's decision goes like this:

Since it is vital to good government that citizens be free to criticize the governors, fear of damages, because enough damages could ruin them, will frighten them into silence. When that happens, good government is in danger.

From the start of his administration he had incurred the wrath and hatred of the Jews. But, though they opposed him, he was able to rule, thanks to the conniv-

tempting to have Jesus released. In not instantly ordering the release of Jesus, Pilate lowers himself to the level of the Jews. Then he attempts to placate them by having Jesus scourged and mocked. Following the scourging, Pilate is again confronted with Jesus. Listening to Him, he becomes convinced of His innocence and greatness, and he once more sought to have Him released.

The Jews will have none of it, catch Pilate in a trap, and demand Christ's death. To save his own position, Pilate has no other choice but to deliver Christ for crucifixion.

Now Pilate wished only to insult and provoke these Jews who had driven him into a corner, and made him, a Roman officer, give an innocent man up to crucifixion. As it was customary to put a tablet over the cross of every criminal indicating the charge against him, Pilate ordered the one for Jesus to read "Jesus of Nazareth, King of the Jews." Infuriated by the title, the chief priest demanded it be removed. Pilate, enjoying the anger and resentment of those who had trapped him, refused.

Bond Issue Notices Ordered by State

COLUMBUS, Ohio (AP)—County election boards have been reminded to begin advertising the proposed \$500 million highway bond issue in local newspapers.

Secretary of State Ted W. Brown advised Thursday that such constitutional amendments must be advertised once a week for five consecutive weeks preceding the primary in at least one newspaper in each county.

The World Today

By James Marlow

WASHINGTON (AP)—The Supreme Court balanced the books a bit this week when it gave newspapers more freedom than at any time in history in criticizing government officials' official conduct.

The court, in doing so, was catching up with a principle laid down 56 years ago by a judge in Kansas.

The nine justices, in their unanimous opinion, didn't give newspapers an absolute immunity against libel suits for damages by criticized officials. But they came close.

A citizen or newspaper won't have to prove the total truth of a criticism. The court made allowance for error in fact or opinion, even though an official is defamed.

Now a newspaper doesn't have to fear a damage suit unless the criticism can be proved to have come from actual malice.

But public officials—thanks to an earlier Supreme Court decision—already had that much immunity against damages suits when they acted officially.

Justice William J. Brennan, who wrote this latest opinion, argued critics of government should have the greatest freedom possible except for provable malice, and he said:

"Such a privilege for criticism of official conduct is appropriately analogous to the protection accorded a public official when he is sued for libel by a private citizen. . . ."

He recalled that earlier opinion of the Supreme Court which said the statements of a federal official are "absolutely privileged if made 'within the outer perimeter' of his duties." Brennan added:

"The states accord the same

immunity to statements of their highest officers, although some differentiate their lesser officials and qualify the privilege they enjoy.

"But all hold that all officials are protected unless actual malice can be proved.

"The reason for the official privilege is said to be that the threat of damage suits would otherwise 'inhibit the fearless, vigorous and effective administration of government' and 'dampen the ardor of all but the most resolute, or the most irresponsible, in the unflinching discharge of their duties.'"

Brennan added: "Analogous considerations support the privilege for the citizen-critic of government. It is as much his duty to criticize as it is the official's duty to administer."

The basis of the court's decision goes like this:

Since it is vital to good government that citizens be free to criticize the governors, fear of damages, because enough damages could ruin them, will frighten them into silence. When that happens, good government is in danger.

Court Orders Cincy Licenses Re-Issued

CINCINNATI (AP)—The state superintendent of insurance has been ordered to re-issue the licenses of Mark H. Kroll that were revoked on charges he mishandled \$1 million in funds.

Common Pleas Court Judge Frank M. Gussweiler upheld Kroll Thursday in his long battle and ordered State Insurance Supt. William Morris to issue the licenses. Kroll heads Agency Corp. of America, Inc., and Wilmark Insurance Agency, Inc., both of Cincinnati.

Brennan cited a now-famous opinion written in 1908 by a Kansas judge who was upheld by his state's supreme court. His view, adopted by a number of other state courts, said in part:

"When a newspaper writes about a public official—and the newspaper believes its information is truthful and 'the whole thing is done without malice'—it should be free from a damage suit even though some of its information may be untrue.

That's about what the Supreme Court said this week.

Jay Faces Fine for Trip Home

TAMPA, Fla. (AP) — "If I have to pay a fine, I'll just have to pay one," said Joey Jay after he left the Cincinnati Reds' spring training camp Thursday without consent.

Jay flew to his home in Cincinnati but said he would be back in Tampa late today.

He said he left the camp without permission because of a "personal thing. I have a wife and five children at home. She needs my help. I'm going to help her."

Manager Fred Hutchinson said he denied a request for Jay to leave Tampa and would "take action when he returns." Hutch indicated he would fine the 29-year-old right-handed pitcher.

"We can't tolerate any player walking out on us," Hutchinson said.

Jay did say the lease on his home would expire April 1. Reds owner Bill DeWitt said Jay also wanted "to take care of some very personal and important matters" at Spencer, W.Va. Jay has interests in an oil well business at Spencer.

DeWitt supported Hutchinson in denying the request to leave. The Reds played their second intrasquad game Thursday and the Oros edged the Temples, 5-3, in the ninth inning.

Th Reds open their exhibition series Saturday against the Chicago White Sox at Sarasota.

Francona Set To Fight for Tribe Spot

PHOENIX, Ariz. (AP)—Tito Francona, sidelined because of a hernia operation, will jump next week into the eight-way battle for the right field job on the Cleveland Indians.

Results of five exhibition games appear inconclusive, but the most impressive candidates so far for the job are Wally Post, Al Smith and rookie Bob Chance. Another rookie, Paul Dicken, also seems to have made an impression on Manager Birdie Tebbetts.

Post, a former National League slugger, cracked a three-run homer, a sacrifice fly and a single in the only game he has appeared in. Smith has hit well in two games. Chance, who has started four games, has a .429 average and two RBIs.

Dicken knocked in four runs in the only game he has started. After Dicken rapped a 415-foot double Wednesday off Dick Radatz, the Boston Red Sox' star reliever, Tebbetts remarked:

"That kid wasn't the least bit impressed with Radatz' reputation. I don't think he's afraid of anybody."

Others fighting for the right field spot are Al Luplow, Chico Salmon and Tommie Agee. The last two have played in all five games and are batting .150 and .100, respectively.

The Indians, who had an open date Thursday, scheduled Gary Bell, Jack Kralick and rookie Tommy John to pitch against the San Francisco Giants here today.

UCLA, Frisco Face Tough NCAA Tests

By THE ASSOCIATED PRESS
UCLA and San Francisco risk college basketball's longest current winning streaks tonight and the Bruins and the Dons hope the Friday the 13th jinx won't knock them out of the NCAA championship tournament.

Unbeaten UCLA, top-ranked in the final Associated Press poll of the season, will try for its 27th straight against Seattle in the Far West Regionals at Corvallis, Ore. San Francisco goes for its 19th in a row against Utah State at the same place.

Kansas State and Princeton also will try to extend respectable winning streaks as the NCAA takes over the spotlight after the victories of NYU and St. Joseph's, Pa., in Thursday night's opening of the NIT in New York. NYU defeated Syracuse 77-68 and St. Joseph's beat Miami of Florida 86-76.

K-State goes after its 12th straight against Texas Western in the Midwest Regional at Wichita, Kan., and Princeton strives for its 10th in a row against Connecticut in the East Regional at Raleigh, N.C.

Rounding out the second round play in the NCAA tonight is Duke vs. Villanova at Raleigh, Wichita vs. Creighton at Wichita, and Kentucky vs. Ohio Univ. and Michigan vs. Chicago Loyola, the defending champion, in the Midwest Regional at Minneapolis.

Loyola, No. 8 in the AP poll, and Texas Western each have won seven straight and their play against second-ranked Michigan and Kansas State will be watched with interest. Michigan and Kentucky, fourth-ranked, both were defeated in their last regular season games.

"The winner of our game tonight with Michigan could go all the way," said Coach George Ireland of Loyola's Ramblers.

Kentucky, a really pedigreed NCAA contender, is favored to overpower Ohio University's Bobcats who barely edged Louisville, 71-69, in their Midwest first-round at Evanston.

Coach Jim Snyder of Ohio University (20-5) had this word for his Bobcats before they took on Kentucky: "They are a gutsy bunch. I'm proud of them, even though they haven't knocked anybody dead. Now we play Kentucky and that's about it."

The Duke-Villanova clash, like Michigan - Loyola, involve teams in the AP Top Ten. Duke is No. 3 and Villanova No. 7. Their game shapes up as one of the best, along with the ones at Corvallis. Utah State upset Arizona State and Seattle surprised Oregon State in Tuesday's first round.

Duke has won six straight like Creighton which hopes to overcome Wichita and All-America Dave Stallworth.

Steve Courtin, Billy Oakes and Jim Boyle combined for 69 points to offset Rick Barry's 35 as St. Joseph's whipped Miami in the NIT. Similarly Happy Hairston and Barry Kramer combined 49 points offset Dave Bing's 31 in NYU's triumph over Syracuse.

Evansville and Akron won the semifinals of the NCAA small college tourney at Evansville and will meet for the championship tonight. Evansville defeated State College of Iowa 82-67 and Akron beat North Carolina A&T 57-48.

Pan American of Texas, the defending champion, moved into tonight's semifinals of the NAIA tourney at Kansas City by defeating Mansfield, Pa., 82-69. Rockhurst, Emporia State and Carson-Newman also advanced to the round of four.

Edward J. Jeremiah, coach of the United States Olympic hockey team, will return as Dartmouth hockey coach next fall. His place for this season was taken by Abner Oakes.

Carver Clinton from Selma, Ala., and Terry Hoover from Monterey, Ind., are the only non-Pennsylvanians on Penn State's 14-man basketball squad.

Regardless of the playoff opponent.

In other games, Cincinnati whipped Philadelphia 128-111 and San Francisco trampled Baltimore 125-102.

Robby Says '63 Slump Destined To Be Erased

TAMPA, Fla. (AP) — All of Frank Robinson's wounds have healed except one—but you can't patch someone's pride with a row of stitches.

Ask the Cincinnati slugger what happened last year when his batting average plummeted more than 80 points to .259. He thrusts forward a left arm that reveals scars from being stepped on by Milwaukee catcher Gene Oliver and a 30-stitch cut from being spiked by Ron Hunt of the New York Mets.

Ask him what he feels about this year, and he thrusts forward his pride.

"I feel I have something to prove," said Robinson, "and the quicker I can the better off I'll be. Everybody's going to be watching to see if I had an off year, or whether I'm beginning to slip. I have to come back and have a good year."

With his pride admittedly flagging his natural ability, Robinson has set his sights not at bettering his 1963 batting marks but at surpassing his 1962 levels — a .342 average, 39 homers, 136 runs batted in and the National League slugging title for the third consecutive year.

"Normally, I'd just be looking forward to doing better than the last year when I got down here," Robinson said, "but I know I can do that this time, so I have to look back to 1962. I had too many hitting defects last season."

Robinson, who threatened to quit baseball after the 1962 season because the game was taking so much out of him physically, made no mention of the beating he took last year when he did manage to lead the league in one department—hit by pitches, 14.

Bonham, Wilson Honored by UofC

CINCINNATI (AP)—Ron Bonham and George Wilson, who finished outstanding basketball careers with the University of Cincinnati this season, have been named co-winners of the team's most valuable player trophy.

They also won several other awards presented Thursday night at the annual basketball banquet.

For the third straight year Bonham captured the best free throw award, with an .819 average and also had the best field goal average, a .516.

The best defensive player award was given to Wilson and junior guard Ken Cunningham won the most improved player trophy. Mike Rolf was voted the most valuable player on the freshman team.

ST. PETERSBURG, Fla. (AP)—The St. Petersburg Open lived up to its reputation through the first round as the golf tournament of the long-shots, the young and unknown.

A youngster from the plains of eastern Carolina and a West Virginian who plays little tournament golf led the field into the second round today.

Bob Harrison, the North Carolinian who plays out of Palm Desert, Calif., and Mike Krak, the ex-West Virginia University golf great who is a club pro at Oceanside, N.Y., shot five-under-par 67s Thursday.

National Open champion Julius Boros shot a two-under-par 70, three strokes behind.

Clay To Take New GI Test

LOUISVILLE, Ky. (AP) — Heavyweight champion Cassius Clay went down today to take another test from the man who may guide his fighting future—Uncle Sam.

The 22-year-old champion said Thursday night he felt good and, "I'll do my best."

Clay was examined previously in Florida by Selective Service and later there were reports he did not pass the mental test. Then military officials said Clay had been ordered to take more tests because the first "were inconclusive." The tests will be a different series than that in Florida, a spokesman said.

Monroe '9' Is Defending County Champ

Indian Coach Expects Another Good Year For His Baseballers

Monroe High School, defending Pickaway County League baseball champion, should have another good team this year according to coach Dick Everman.

Everman is quick to point out the team has been hit by graduation, with two first string pitchers and three infield positions vacated last year.

"If our pitching comes through, and I have every reason to think it will, we should be fairly strong," Everman says.

His list of returning lettermen include Tom Seeley, the hard hitting catcher for the Indians who belted the ball at a .513 clip last year.

Also back is Bob Sparks at first base. Sparks had a .286 batting average. Rex Ingman will return to his centerfield slot and John Plotts will be patrolling the left field area again this year. The former has a .257 batting average and the latter a .184.

The two most experienced pitchers on the squad are Gary Moore, a junior who posted a 1-1 record last year, and Jim Armentrout, a sophomore who had an 0-0 record, seeing most of his action in late inning relief roles.

Bill Kline, a freshman and Willis Conley, a sophomore both with youth baseball league experience, should add depth to the Monroe pitching staff, according to Everman.

Buddy Blair and Gary Richardson, a pair of reserves from last year's team, are expected to fill the gap in the infield.

Also fighting for starting positions are Norman O'Connor, Jim Davis, Rodney Stapleton, Jerry Brigner, all sophomores; Dick Lugenbeel, a freshman and Danny Conley, a junior.

Monroe opens its season April 2 by hosting the Jackson Wildcats.

Damaged Guns Needed for Safety Course

Dick E. Redman, secretary of the Pickaway Farmers' and Sportsmen's Assn., needs firearms that have exploded or otherwise incurred damage when fired.

Redman who is heading local sportsmen's hunter safety program for Pickaway County Boy Scout troops, needs the damaged guns for demonstration purposes.

The first class was held Tuesday in the 4-H and Grange Building at the Pickaway County Fairgrounds. Redman said among the first subjects covered was to always be sure the barrel of a firearm was unobstructed.

And the scouts immediately wanted to know how extensive damage could be. The instructors decided it may be more impressive to show a gun that has actually exploded than to describe the damage.

THAT CREATED a problem. Redman has contacted a number of friends, but none have damaged firearms.

Persons who have damaged weapons, are urged to contact Redman by telephone, GR 4-4882.

Regional Cage Jousts Awaited

COLUMBUS, Ohio (AP)—The combination of top-flight opposition and the "Friday the 13th" jinx will knock a dozen Ohio high school teams out of the state basketball title fight tonight in regional tournaments.

The games, scheduled on six fronts, will cut the 513 Class AA and the 397 Class A teams down to eight in each division. Saturday's quartet of regional finals in each class will determine the four qualifiers for next week's championship clashes at St. John Arena.

Cleveland East and Cleveland East Tech, winners of Tuesday and Wednesday games at Kent, have qualified for Saturday's Class AA playoff game there.

Also settled a bit early was the Class A regional originally slated for tonight at Athens. It was moved to Columbus, due to flooding of the Ohio University campus, and played Thursday night.

Unbeaten Southeastern of Ross County, now 25-0, defeated New Lexington St. Aloysius (22-2) in the first game, 54-50. Dresden Jefferson (22-2), the defending Class A king, ousted Centerville (20-4) in the nightcap, 72-54. Southeastern, the only undefeated team in either class, was ranked fifth in the final Associated Press poll.

With the Kent Class AA and Columbus Class A semifinals having been completed, here's the schedule for the other Friday qualifiers for Saturday's last stepping stone to the state meet.

Class AA

AT COLUMBUS: Portsmouth (18-3) (8th-ranked) vs. Grove City (20-4); Canton McKinley (22-1) (2nd) vs. New Philadelphia (19-4).

AT CINCINNATI: Urbana (18-4) vs. Wyoming (21-2); Dayton Belmont (22-1) (1st) vs. Cincinnati Withrow (22-1).

AT TOLEDO: Delphos St. John (20-3) vs. Lexington (24-1).

AT BOWLING GREEN: Elyria (16-7) vs. Toledo DeWitt (17-6). (Bowling Green and Toledo winners meet Saturday at Bowling Green.)

Class A

AT TROY: Pittsburg Franklin Monroe (20-3) vs. Lockland (15-7); Columbus University (22-1) (10th) vs. Piqua Catholic (19-3).

AT CANTON: Mogadore (1-6) vs. Strasburg (22-1) (8th); Brilliant (23-1) (6th) vs. New Salem Northwestern (20-3).

AT LIMA: Celina Immaculate Conception (24-1) (2nd) vs. Bascom Hopewell - Loudon (20-5); Stryker (19-7) vs. Glandorf (22-4).

Wildlife Week To Emphasize Recreation

The need to expand outdoor recreation facilities will be highlighted during National Wildlife Week, Mar. 15-21, according to Robert Wolf, Pickaway County chairman of the annual observance.

Estimates given to Wolf by the National Wildlife Federation point out that nine of 10 Americans now participate in some form of outdoor recreation. These citizens spend more than \$20 billion annually in pursuit of this means of relaxation.

With high incomes, shorter work weeks and better highways, present recreation areas have become available to millions more people. This in turn has caused serious problems of overcrowding during the important seasons, Wolf said.

With two-thirds of the population living in metropolitan areas, the real challenge will be to provide nearby recreation for this large and expanding number of urbanites.

Teays Valley Cage Banquet Postponed

The Teays Valley Basketball banquet, originally scheduled tomorrow night, has been postponed.

A date for the annual banquet will be announced later, according to Benis Lutz, Teays Valley principal.

The Washington Senators will open the American League baseball season at home against the Los Angeles Angels on Monday April 13.

Clay To Take New GI Test

LOUISVILLE, Ky. (AP) — Heavyweight champion Cassius Clay went down today to take another test from the man who may guide his fighting future—Uncle Sam.

The 22-year-old champion said Thursday night he felt good and, "I'll do my best."

Clay was examined previously in Florida by Selective Service and later there were reports he did not pass the mental test. Then military officials said Clay had been ordered to take more tests because the first "were inconclusive." The tests will be a different series than that in Florida, a spokesman said.

Despite that and the Oliver and Hunt wounds, Robinson said his only concern was for a self-inflicted injury.

"Early last season I tried to hold up on a pitch, and I guess I tried too hard and strained my left wrist," he said. "I'm still worried about it, but it hasn't been bothering me, so it must be okay."

The strained wrist, the cut hand and the spiked bicep all curtailed Robinson's ability. His home run total dipped to 26, his RBI total to 91 and his batting average to the lowest point in a major league career that began with the Reds in 1956.

Damaged Guns Needed for Safety Course

Dick E. Redman, secretary of the Pickaway Farmers' and Sportsmen's Assn., needs firearms that have exploded or otherwise incurred damage when fired.

Redman who is heading local sportsmen's hunter safety program for Pickaway County Boy Scout troops, needs the damaged guns for demonstration purposes.

The first class was held Tuesday in the 4-H and Grange Building at the Pickaway County Fairgrounds. Redman said among the first subjects covered was to always be sure the barrel of a firearm was unobstructed.

And the scouts immediately wanted to know how extensive damage could be. The instructors decided it may be more impressive to show a gun that has actually exploded than to describe the damage.

THAT CREATED a problem. Redman has contacted a number of friends, but none have damaged firearms.

Persons who have damaged weapons, are urged to contact Redman by telephone, GR 4-4882.

Monroe '9' Is Defending County Champ

Indian Coach Expects Another Good Year For His Baseballers

Monroe High School, defending Pickaway County League baseball champion, should have another good team this year according to coach Dick Everman.

Everman is quick to point out the team has been hit by graduation, with two first string pitchers and three infield positions vacated last year.

"If our pitching comes through, and I have every reason to think it will, we should be fairly strong," Everman says.

His list of returning lettermen include Tom Seeley, the hard hitting catcher for the Indians who belted the ball at a .513 clip last year.

ALSO BACK is Bob Sparks at first base. Sparks had a .286 batting average. Rex Ingman will return to his centerfield slot and John Plotts will be patrolling the left field area again this year. The former has a .257 batting average and the latter a .184.

The two most experienced pitchers on the squad are Gary Moore, a junior who posted a 1-1 record last year, and Jim Armmentrout, a sophomore who had an 0-0 record, seeing most of his action in late inning relief roles.

Bill Kline, a freshman and Willis Conley, a sophomore both with youth baseball league experience, should add depth to the Monroe pitching staff, according to Everman.

Buddy Blair and Gary Richardson, a pair of reserves from last year's team, are expected to fill the gap in the infield.

Also fighting for starting positions are Norman O'Connor, Jim Davis, Rodney Stapleton, Jerry Brigner, all sophomores; Dick Lugenbeel, a freshman and Danny Conley, a junior.

Monroe opens its season April 2 by hosting the Jackson Wildcats.

Regional Cage Jousts Awaited

COLUMBUS, Ohio (AP)—The combination of top-flight opposition and the "Friday the 13th" jinx will knock a dozen Ohio high school teams out of the state basketball title fight tonight in regional tournaments.

The games, scheduled on six fronts, will cut the 513 Class AA and the 397 Class A teams down to eight in each division. Saturday's quartet of regional finals in each class will determine the four qualifiers for next week's championship clashes at St. John Arena.

Cleveland East and Cleveland East Tech, winners of Tuesday and Wednesday games at Kent, have qualified for Saturday's Class AA playoff game there.

Also settled a bit early was the Class A regional originally slated for tonight at Athens. It was moved to Columbus, due to flooding of the Ohio University campus, and played Thursday night.

Unbeaten Southeastern of Ross County, now 25-0, defeated New Lexington St. Aloysius (22-2) in the first game, 54-50. Dresden Jefferson (22-2), the defending Class A king, ousted Centerville (20-4) in the nightcap, 72-54. Southeastern, the only undefeated team in either class, was ranked fifth in the final Associated Press poll.

With the Kent Class AA and

Columbus Class A semifinals having been completed, here's the schedule for the other Friday qualifiers for Saturday's last stepping stone to the state meet.

Class AA

AT COLUMBUS: Portsmouth (18-3) (8th-ranked) vs. Grove City (20-4); Canton McKinley (22-1) (2nd) vs. New Philadelphia (19-4).

AT CINCINNATI: Urbana (18-4) vs. Wyoming (21-2); Dayton Belmont (22-1) (1st) vs. Cincinnati Withrow (22-1).

AT TOLEDO: Delphos St. John (20-3) vs. Lexington (24-1).

AT BOWLING GREEN: Elyria (16-7) vs. Toledo DeVilbiss (17-6). (Bowling Green and Toledo winners meet Saturday at Bowling Green.)

Class A

AT TROY: Pittsburg Franklin Monroe (20-3) vs. Lockland (15-7); Columbus University (22-1) (10th) vs. Piqua Catholic (19-3).

AT CANTON: Mogadore (1-6) vs. Strasburg (22-1) (8th); Brilliant (23-1) (6th) vs. New Salem Northwestern (20-3).

AT LIMA: Celina Immaculate Conception (24-1) (2nd) vs. Bascom Hopewell - Loudon (20-5); Stryker (19-7) vs. Glandorf (22-4).

Wildlife Week To Emphasize Recreation

The need to expand outdoor recreation facilities will be highlighted during National Wildlife Week, Mar. 15-21, according to Robert Wolf, Pickaway County chairman of the annual observance.

Estimates given to Wolf by the National Wildlife Federation point out that nine of 10 Americans now participate in some form of outdoor recreation. These citizens spend more than \$20 billion annually in pursuit of this means of relaxation.

With high incomes, shorter work weeks and better highways, present recreation areas have become available to millions more people. This in turn has caused serious problems of overcrowding during the important seasons, Wolf said.

With two-thirds of the population living in metropolitan areas, the real challenge will be to provide nearby recreation for this large and expanding number of urbanites.

Teays Valley Cage Banquet Postponed

The Teays Valley Basketball banquet, originally scheduled tomorrow night, has been postponed.

A date for the annual banquet will be announced later, according to Benis Lutz, Teays Valley principal.

The Washington Senators will open the American League baseball season at home against the Los Angeles Angels on Monday April 13.

Views on TV-Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Mid-March is the busiest time of the year for a pretty, red-haired young singer — Carmel Quinn, once of Ludlin and now a Leona, N.J., housewife and mother. She has established the relationship to St. Patrick's Day that Lucy Monroe once had to "The Star Spangled Banner."

"We — I — get literally hundreds of invitations to appear on the great day," said Miss Quinn, in a brogue untouchable by American intonation. "Some of the biggest clubs of the country want me for the whole week and there are always special affairs in honor of the Saint."

Although all television variety shows to be seen around the Irish holiday automatically are colored green and sing of leprechauns and shamrocks, Miss Quinn will be visible only on one: Ed Sullivan's program Sunday night.

On great day itself, next Tuesday, she will be singing some Irish songs on Arthur Godfrey's morning radio show. This is as it should be: she was launched on her career as a contestant on Godfrey's old "Talent Scouts" television program, and was immediately signed as a member of his professional television and radio "family."

Carmel is the wife of Bill Fuller, from County Kerry, an entertainment promoter specializing in Irish ballrooms. They have three young children, and Carmel carefully rationed her time—75 per cent for home and family; 25 for her professional career.

"Missing Links" will move from NBC to ABC at the end of the month, but without its host, Ed McMahon. The easy-mannered big fellow was available—but ABC apparently feels it must use Dick Clark on the show because it has him under contract for the soon-to-die "The Object Is," and will have to pay him whether or not he works.

Recommended weekend viewing:

Tonight — "The President Vanishes," CBS, 7:30-8:30 (EST), drama of the "Great Adventure" series about Grover Cleveland's mysterious disappearance—to undergo surgery.

Saturday — "The Hollywood Palace," ABC, 9:30-10:30 p.m.—Morey Amsterdam and Rosemarie of "The Dick Van Dyke Show" co-hosts.

Sunday — "A Conversation with the President," all networks, 6-7 p.m.—informal interview with Lyndon B. Johnson after 100 days of his administration.

Pete Ward of the Chicago White Sox led American League third basemen in hitting last season with .295. Boston's Frank Malzone was next with .291.

Sluggish Frank Howard May Quit Baseball Job

GREEN BAY, Wis. (AP) — Outfielder Frank Howard of the Los Angeles Dodgers said Thursday "personal problems" may force him to quit baseball but there's a chance they can be adjusted and he can remain in the game.

"This is a personal matter which I am not free to discuss," Howard told The Associated Press, "I can't imagine how my letter to Mr. Bavasi leaked out." Howard declined to reveal the nature of the personal problems.

Newsman learned at Vero Beach, Fla., that Howard had written General Manager Buzzy Bavasi, saying he was quitting baseball. Howard, the Dodgers' leading home run hitter, said he was acting with deep regret.

"I have found that money is not the cure to all ills," he wrote.

Howard lives in Green Bay, Wis., and had been excused from the first 11 days of spring practice, explaining that he had personal problems that needed attending.

Howard told a sports writer some time ago that the possibility of quitting already was in his mind.

At the time the \$108,000 bonus player said: "Nothing means as much to me as my woman and our children. If my woman ever told me she wanted me to quit baseball, I'd quit."

Bavasi said he would not place Howard on the voluntary retired list at this time. "I want to give him every chance to change his mind," Bavasi said.

Howard signed a bonus contract with the Dodgers in 1958 after graduating from Ohio State.

He had been the team's top slugger for several seasons. He hit 28 home runs last year, 31 in 1962 and had 99 since joining the club in 1960.

He had been told by the front office all winter that he would

become a regular in right field this season. The 6-foot-7 240-pounder complained last season because he rode the bench almost until July.

Howard and his wife, Carol, have four children.

Aubrey Gatewood of the Los Angeles Angels pitched a perfect American Legion game in 1956.

U.S. Must Admit 'Guilt' To Gain Fliers' Freedom

BERLIN (AP) — The Soviet Union will release three captured Air Force officers if the U.S. government admits it ordered them to fly over East Germany, an informed source reported today.

The three officers parachuted from an RB66 reconnaissance plane shot down by a Soviet fighter over East Germany Tuesday.

The informant said if the United States does not issue a public admission that they were ordered to fly over Communist territory, the three will be tried on espionage charges.

The source, who insisted on his name being withheld, and who spoke with the understanding that he not be identified as Eastern or Western added that the three officers have been told of this condition for their release. He said the U.S. government also has been informed.

The United States has thus far maintained that the plane was on a routine training flight and blundered across the Iron Curtain into East Germany.

So far there has been no official statement on the condition of the men, where they are being held or what their Communist captors have in store for them.

Mrs. Kennedy Adjusting OK, RFK Reports

NEW YORK (AP) — U.S. Atty. Gen. Robert F. Kennedy says Mrs. John F. Kennedy is spending most of her time with her children and is making a good adjustment to the loss of her husband.

Speaking of the president's widow, he said:

"She's fine, really, and making an adjustment, and doing it well. She spends most of her time with her children now, and I think she's making a good deal of progress."

He said he and his younger brother, Sen. Edward M. Kennedy, D-Mass., call frequently at Mrs. Kennedy's home to see her and the children, Caroline and John.

The attorney general added that "Dave Powers, who worked for my brother at the White House and was a great friend for many, many years, goes over at lunch time and has lunch with John. So they see some men in their lives now."

Kennedy said he believed the greatest contribution made by President Kennedy was that he "made Americans feel young again."

He "gave us all more confidence in the country" and its struggles and gave people in other countries greater confidence in the United States and its leadership, the attorney-general continued.

Historical Group Plans Program on 5 City Churches

Members of the Pickaway County Historical Society plan a regular meeting for 8 p. m. Mar. 19 in the basement of the First Presbyterian Church.

Program for this meeting will be "The History of Five Circleville Churches."

Presenting these sketches will be Robert Johnson for the First Methodist; Mrs. S. F. Cryder for First Presbyterian; W. Joe Burns for St. Joseph's Catholic; John S. Beck for Trinity Lutheran and Mrs. Charles Pugsley for St. Philip's Episcopal.

Members have been requested to bring pictures and articles representative of their respective churches for display. Those who need transportation may call GR 4-3937.

RFK Denies Any Rift With LBJ

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy denies reports that he and President Johnson are feuding.

The stories of a long-standing and widening rift gained broad circulation in connection with a write-in campaign on behalf of the attorney general as a vice presidential choice in this week's New Hampshire primary. A similar effort in Wisconsin added to the speculation.

Courtney Prentice, 18, of Norton, Mass., a member of a student delegation calling on the attorney general Thursday, put the straight question to Kennedy. Would he care to comment on his relations with the President?

"They've always been friendly and still are friendly," Kennedy replied. "He is continuing where my brother (President John F. Kennedy) started."

"There is no substance to these reports."

As for Johnson himself, Kennedy had this to say:

"I have the highest regard for him. He's been kind to me and my family and to Mrs. (John F.) Kennedy."

At the White House an informed source denied the basic element of the report of friction between Johnson and Kennedy—a story that Kennedy had opposed Johnson's selection at the 1960 Democratic National Convention as running mate for his brother. The White House source said that was false, that the Kennedy brothers were in agreement on Johnson.

Two Motorists Plead Guilty Of OMVI

Two motorists, both charged with operating a motor vehicle while under the influence of intoxicants, entered pleas of guilty in Circleville Municipal court today.

They were Albert M. Jinks, 52, Columbus and Jay H. Shannon, 36, Lockbourne Air Force Base. Both were cited by the Ohio State Highway Patrol.

Judge Sterling M. Lamb levied identical fines of \$150 and costs, sentenced both men to three days in the county jail, ordered their drivers licenses suspended for three days.

In other court traffic action, Gerald Noble Jr., 20, Adelphi, was fined \$15 and costs for failure to transfer registration.

Carl Miller, 37, Oak Hill, waived a court hearing and fine of \$15 and costs levied for speeding 65 miles per hour in a 50 mile zone.

Parents Rap Transfer of School Pupils

NEW YORK (AP) — About 15,000 white parents, protesting plans to transfer pupils from neighborhood schools, braved swirling snow Thursday in a 2½-mile march from the Board of Education headquarters in Brooklyn to City Hall in Manhattan.

More than 70 per cent of the marchers were women, and only a few Negroes took part.

Spokesmen for the demonstrators made it clear they do not oppose integration, but they do object to involuntary busing of their children from neighborhood schools.

The board is scheduled to announce on March 25 adoption of the so-called Princeton Plan — which would pair predominantly white with predominantly Negro or Puerto Rican schools and exchange pupils by bus to eliminate segregation stemming from housing patterns.

The board's plan also has been attacked by civil rights groups, which contend it does not go far enough or fast enough toward ending de facto segregation.

The civil rights groups last Feb. 3 staged a massive, one-day school boycott.

The board, in its initial plan, will match 40 elementary schools and 20 junior high schools to attain a better racial balance in the school system.

Ohio Aide Asks For Federal Fund

COLUMBUS, Ohio (AP)—Ohio Natural Resources Director Fred E. Morr has asked federal agencies for financial aid, where available, and technical assistance in developing the state's \$38 million parks and recreation program.

He says the state program will be fully coordinated with federal projects, including the construction of eight multi-purpose reservoirs to be built in Ohio by Army engineers.

Morr, Agriculture Director John Stackhouse and Commerce Director Gordon Peltier conferred in Washington Wednesday with federal officials about the program to improve Ohio's recreational facilities.

Barry, Rocky Panning For California Gold

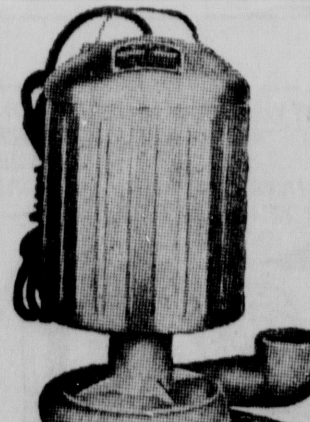

WASHINGTON (AP) — Sen. Barry Goldwater joins Gov. Nelson A. Rockefeller today in prospecting for political gold in California. Both have staked out the same claim — the city of Fresno.

The two rivals for the Republican presidential nomination, trying to round up support for California's June 2 primary which Goldwater calls "The big one," have speeches and public appearances lined up in the central California city.

42 More Ohio Nurse Homes Cited

COLUMBUS, Ohio (AP)—Notices on intent to revoke the licenses of 42 more nursing homes for faulty or inadequate electrical wiring were sent today by the Ohio Department of Health.

The nursing home operators were informed of violations discovered by inspectors operating under emergency regulations. The regulations were adopted after a nursing home fire claimed 63 lives last November.

The latest notices brings to 345 the number of homes cited by the health department. Health Director Dr. Emmitt W. Arnold said reports have been received on approximately 50 per cent of the homes in the state and about two out of three have violations. He said some 20 homes have notified the department that the correction, have been made.

Hospital Report Lists 182 Children Treated

A total of 182 Pickaway County children were treated at Children's Hospital of Columbus last year according to the Hospital's annual report, just released.

During 1963 the Hospital admitted 13,472 children from all of the 88 counties in Ohio, from 17 other states and from points as far distant as Florida and Iceland. They stayed an average of 5.8 days.

An additional 50,828 visited the 29 specialty clinics of the Out - Patient Department and 36,060 others were treated in the emergency room. Life - saving advice or treatment was given 7,000 through the Hospital's poison Control Center.

The hospital provided \$337,000 worth of care to children whose parents were unable to pay their bills.

Space Probe's Rocket Fails

CAPE KENNEDY, Fla. (AP) —Rocket failure ruined an effort today to boost a scientific probe 23,000 miles into space to study the earth's magnetic field.

A four-stage Blue Scout rocket blasted off right on schedule at 6:40 a.m. with the gold - plated payload in its nose. But 30 minutes later the Air Force reported the fourth stage of the booster failed to ignite.

A statement said the payload separated from the fourth stage "and some useable data was received."

Preliminary estimates indicated the 33 - pound package reached an altitude of several hundred miles before plunging back to a fiery re-entry destruction above the Atlantic.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?

If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! Because just two GERITOL tablets, or two tablespoons of liquid GERITOL contain 7 vitamins plus twice the iron in 1-lb. of calves' liver.

In only one day GERITOL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and if you've been feeling tired because of iron-poor blood, take GERITOL, liquid or tablets, every day. You'll feel stronger fast in just 7 days or money back from GERITOL.

Community Choir Cantata Scheduled for Palm Sunday

A community choir of more than 100 voices drawn from 11 church groups will sing a 16th century cantata on Palm Sunday afternoon at Trinity Lutheran Church, E. Mound St.

The cantata will be the focal point of a Palm Sunday meditation beginning, 4 p. m. on Mar. 22. The special program will be based on "The Seven Words of Jesus Christ on the Cross."

The choir will sing the opening chorus of the cantata which prepares the way for the soloists. Four of the soloists will sing the roles of the evangelists and the thieves on the crosses. Alternating solo and a mixed quartet announce each of the "Seven Last Words of Jesus Christ on the Cross." The soloists are: soprano, Mrs. Ronald Knecht; alto, Mrs. Richard Pettit; tenor, Melvin Yates; bass, Ralph Amey. Trinity Lutheran, Pastor Carl G. Zehner, tenor, will sing the seven words of Jesus.

A SHORT symphony by organ, violins, cello and viola provides the transition from chorus parts to solo parts. Mrs. Paul W. Teegardin Sr., organist and music director at Trinity Lutheran, will act as organist and director of the cantata.

According to Mrs. Teegardin, the sacred cantata became an integral part of the worship service in the Protestant Churches soon after the Reformation. The pioneer and first great master of this form of music was Heinrich Schuetz. The culmination is found in the compositions of J. S. Bach, 1685.

The order of the Palm Sunday Service will closely resemble that found in the early Protestant Churches, Mrs. Teegardin said. There will be no admission charge since the cantata will be interpreted as the

Wee Band Is Silenced

CLEVELAND (AP) — It was to be a big day for the wee folk.

Only once a year do the little ones get off from school to march down Euclid Avenue in the St. Patrick's Day parade. But burglars have silenced practice sessions of "Danny Green" for the 40-member band, whose members are orphans or from broken homes.

Stolen Thursday night from the band room at Parmadale Children's village of St. Vincent De Paul in suburban Parma were 8 saxophones, 2 clarinets, 6 trombones and 2 trumpets. Without them, the band cannot play.

"We have only one alto and one tenor saxophone left," said Sister Mary Therese, school principal and band moderator.

Disarmament Plan Offered

CLEVELAND (AP) — President Johnson has been urged to propose at Geneva a seven-year disarmament plan, effective no later than Jan. 1, 1966.

The request was made Thursday in a letter to the President from Dr. Benjamin Spock, noted baby authority, and Prof. H. Stuard Hughes of Harvard, co-chairmen of the National Committee for a Sane Nuclear Policy (SANE).

The SANE leaders asked the President to seize the initiative at the Geneva disarmament talks by having the United States offer to begin disarmament at a set date. The date they mentioned would climax the International Cooperation Year of 1965, they said.

Conservancy Areas Get State Loans

COLUMBUS, Ohio (AP)—The Controlling Board has approved loans totaling \$166,520 for improvements in four conservancy districts.

Largest loan for \$59,520 went to the Hocking Conservancy District for organization, surveys and expenses of flood control, stream regulation and improvements in the Hocking River watershed area and in Athens and Hocking counties.

The Rush Creek Conservancy District in Fairfield, Hocking and Perry counties received \$50,000 for organization and plans for flood control, municipal water supplies and recreation and conservation operations.

The Maumee Watershed Conservancy District got \$42,000 for work in the Little Auglaize River and Grassy Creek areas.

All three loans, recommended by the Ohio Water Commission, must be repaid by Dec. 31, 1967. The Southern Butler County Conservancy District received a loan of \$15,000 for preliminary expenses in the Mill Creek area, Butler County. The loan runs to Oct. 4, 1968.

The advances are from a \$250,000 fund for loans to conservancy districts.

COLUMBUS, Ohio (AP)—Ohio Natural Resources Director Fred E. Morr has asked federal agencies for financial aid, where available, and technical assistance in developing the state's \$38 million parks and recreation program.

He says the state program will be fully coordinated with federal projects, including the construction of eight multi-purpose reservoirs to be built in Ohio by Army engineers.

Morr, Agriculture Director John Stackhouse and Commerce Director Gordon Peltier conferred in Washington Wednesday with federal officials about the program to improve Ohio's recreational facilities.

Barry, Rocky Panning For California Gold

WASHINGTON (AP) — Sen. Barry Goldwater joins Gov. Nelson A. Rockefeller today in prospecting for political gold in California. Both have staked out the same claim — the city of Fresno.

The two rivals for the Republican presidential nomination, trying to round up support for California's June 2 primary which Goldwater calls "The big one," have speeches and public appearances lined up in the central California city.

342 More Ohio Nurse Homes Cited

COLUMBUS, Ohio (AP)—Notices on intent to revoke the licenses of 42 more nursing homes for faulty or inadequate electrical wiring were sent today by the Ohio Department of Health.

The nursing home operators were informed of violations discovered by inspectors operating under emergency regulations. The regulations were adopted after a nursing home fire claimed 63 lives last November.

The latest notices brings to 345 the number of homes cited by the health department. Health Director Dr. Emmitt W. Arnold said reports have been received on approximately 50 per cent of the homes in the state and about two out of three have violations. He said some 20 homes have notified the department that the correction, have been made.

Community Choir Cantata Scheduled for Palm Sunday

A community choir of more than 100 voices drawn from 11 church groups will sing a 16th century cantata on Palm Sunday afternoon at Trinity Lutheran Church, E. Mound St.

The cantata will be the focal point of a Palm Sunday meditation beginning, 4 p. m. on Mar. 22. The special program will be based on "The Seven Words of Jesus Christ on the Cross."

The choir will sing the opening chorus of the cantata which prepares the way for the soloists. Four of the soloists will sing the roles of the evangelists and the thieves on the crosses.

Alternating solo and a mixed quartet announce each of the "Seven Last Words of Jesus Christ on the Cross." The soloists are: soprano, Mrs. Ronald Knecht; alto, Mrs. Richard Pettit; tenor, Melvin Yates; bass, Ralph Amey. Trinity Lutheran, Pastor Carl G. Zehner, tenor, will sing the seven words of Jesus.

A SHORT symphony by organ, violins, cello and viola provides the transition from chorus parts to solo parts. Mrs. Paul W. Teegardin Sr., organist and music director at Trinity Lutheran, will act as organist and director of the cantata.

According to Mrs. Teegardin, the sacred cantata became an integral part of the worship service in the Protestant Churches soon after the Reformation. The pioneer and first great master of this form of music was Heinrich Schuetz. The culmination is found in the compositions of J. S. Bach, 1685.

The order of the Palm Sunday Service will closely resemble that found in the early Protestant Churches, Mrs. Teegardin said. There will be no admission charge since the cantata will be interpreted as the

Hospital Report Lists 182 Children Treated

A total of 182 Pickaway County children were treated at Children's Hospital of Columbus last year according to the Hospital's annual report, just released.

During 1963 the Hospital admitted 13,472 children from all of the 88 counties in Ohio, from 17 other states and from points as far distant as Florida and Iceland. They stayed an average of 5.8 days.

An additional 50,828 visited the 29 specialty clinics of the Out - Patient Department and 36,060 others were treated in the emergency room. Life - saving advice or treatment was given 7,000 through the Hospital's poison Control Center.

The hospital provided \$337,000 worth of care to children whose parents were unable to pay their bills.

Space Probe's Rocket Fails

CAPE KENNEDY, Fla. (AP) —Rocket failure ruined an effort today to boost a scientific probe 23,000 miles into space to study the earth's magnetic field.

A four-stage Blue Scout rocket blasted off right on schedule at 6:40 a.m. with the gold - plated payload in its nose. But 30 minutes later the Air Force reported the fourth stage of the booster failed to ignite.

A statement said the payload separated from the fourth stage "and some useable data was received."

Preliminary estimates indicated the 33 - pound package reached an altitude of several hundred miles before plunging back to a fiery re-entry destruction above the Atlantic.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?*

If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! Because just two GERITOL tablets, or two tablespoons of liquid GERITOL contain 7 vitamins plus twice the iron in 1-lb. of calves' liver.

In only one day GERITOL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and if you've been feeling tired because of iron-poor blood, take GERITOL, liquid or tablets, every day. You'll feel stronger fast in just 7 days or money back from GERITOL.

Wee Band Is Silenced

CLEVELAND (AP) — It was to be a big day for the wee folk.

Only once a year do the little ones get off from school to march down Euclid Avenue in the St. Patrick's Day parade.

But burglars have silenced practice sessions of "Danny Green" for the 40-member band, whose members are orphans or from broken homes.

Stolen Thursday night from the band room at Parmadale Children's village of St. Vincent De Paul in suburban Parma were 8 saxophones, 2 clarinets, 6 trombones and 2 trumpets. Without them, the band cannot play.

"We have only one alto and one tenor saxophone left," said Sister Mary Therese, school principal and band moderator.

Crossed Addresses

HOLDREGE, Nev. (AP) — As ham radio operators often do, Dave Allerheiligen of Holdrege and Garth Kennedy of Lincoln, Neb., struck up an acquaintance via the air waves.

Allerheiligen was intrigued when he discovered Kennedy lives on Holdrege Street because Allerheiligen lives on Lincoln Street in Holdrege.

Conservancy Areas Get State Loans

COLUMBUS, Ohio (AP)—The Controlling Board has approved loans totaling \$166,520 for improvements in four conservancy districts.

Largest loan for \$59,520 went to the Hocking Conservancy District for organization, surveys and expenses of flood control, stream regulation and improvements in the Hocking River watershed area and in Athens and Hocking counties.

The Rush Creek Conservancy District in Fairfield, Hocking and Perry counties received \$50,000 for organization and plans for flood control, municipal water supplies and recreation and conservation operations.

The Maumee Watershed Conservancy District got \$42,000 for work in the Little Auglaize River and Grassy Creek areas.

All three loans, recommended by the Ohio Water Commission, must be repaid by Dec. 31, 1967.

The Southern Butler County Conservancy District received a loan of \$15,000 for preliminary expenses in the Mill Creek area, Butler County. The loan runs to Oct. 4, 1968.

The advances are from a \$250,000 fund for loans to conservancy districts.

Disarmament Plan Offered

CLEVELAND (AP) — President Johnson has been urged to propose at Geneva a seven-year disarmament plan, effective no later than Jan. 1, 1966.

The request was made Thursday in a letter to the President from Dr. Benjamin Spock, noted baby authority, and Prof. H. Stuard Hughes of Harvard, co-chairmen of the National Committee for a Sane Nuclear Policy (SANE).

The SANE leaders asked the President to seize the initiative at the Geneva disarmament talks by having the United States offer to begin disarmament at a set date. The date they mentioned would climax the International Cooperation Year of 1965, they said.
